OVERVIEW

EXCEPTIONAL SAVINGS ON DEMO YACHT!

STAND OUT WITH THIS THRILLING VESSEL!

Yacht Works proudly presents the latest addition to our fleet, a remarkable bowrider powered by Mercury outboards, delivering exhilarating performance. The E26 Rider is a cutting-edge bowrider featuring an outboard motor. Its sleek hull and graceful lines exude both sportiness and sophistication, making it a modern classic with remarkable adaptability. Whether you're seeking a day cruiser or a luxury tender, this yacht fits the bill perfectly. You might even describe it as a "luxury day tender."

The bow area offers a lounge space with a deck level with the cockpit, accessible through a central opening, even while cruising. Two facing sofas on either side can serve as comfortable seats or chaise longues.

The yacht's layout flows seamlessly, with the cockpit serving as the centerpiece. This elegant and surprisingly roomy area is designed with practical solutions, providing maximum freedom for all aboard. Symmetrically arranged, two large wall sofas face each other, while the pilot and co-pilot enjoy swivel chairs that can turn to join the social space. To the left of the helm, you'll find a compact sink and restroom.

At the stern, the outboard engine is nestled between two decks, creating a stylish beach area that enhances boarding ease and safety. It also facilitates water access, aided by a retractable ladder. Experience boundless movement and ultimate freedom.

Explore yacht sales in the current boat location and seize the opportunity to buy a yacht that promises both luxury and adventure.
