OVERVIEW

PATIENCE embodies a lifelong maritime ambition brought to fruition. For almost sixty years James Moores of Moores Marine nurtured the idea of a vessel that would be at once practical and poetic, a working sculpture that slips by with such elegance and charisma it draws every eye in its wake.

Presented by Moores Yachts, PATIENCE is an exceptionally versatile compact yacht—equally suited to duties as a classic runabout, an opulent tender, or an exhilarating dayboat—capable of confidently exceeding 35 mph. Her feather light responsiveness is astonishing, carving turns with the precision of a high performance sports car, while her mere arrival can still the chatter along any dock.

Moores poured forty five years into restoring and rebuilding celebrated wooden motor yachts, from the presidential Honey Fitz to more Trumpy yachts than any other living restorer. His aspiration was a cold molded wooden craft that would fuse the romance of yachting's golden era with contemporary, high tech marine engineering, producing a modern classic that truly performs. The design pays homage to the great pre war stylists. A graceful ducktail aft recalls the fast commuters of John H. Wells, the transom carries the lineage of L. Francis Herreshoff, and the commanding bow gestures to the purposeful profiles of WWI capital ships. The outcome is a luxury motor yacht with timeless lines and modern capability—an heirloom quality express cruiser with a pedigree that is unmistakable.

Beneath that vintage silhouette is a thoroughly modern planing hull honed by B&B Yacht Design in North Carolina to operate in the 35 mph range. With the slightest input PATIENCE rises and settles into a seamless groove, then pivots within half her waterline length—maneuverability rare among 27 footers. At speed she skims with poise, tracking like a cherished sports machine while retaining the confidence and seaworthiness of a true commuter.

The PATIENCE M27 is built for those who prize refined beauty, distinctive proportions, and genuine craftsmanship, yet insist on a civilized, high performing yacht. Whether serving as a superyacht tender, a spirited day cruiser, or a weekend sport yacht, she unites classic yacht charm with contemporary reliability, delivering comfort, panache, and excitement in equal measure.

This is no museum piece but a wooden boat fashioned for the future—an enduring statement intended to be treasured across generations.

DETAILED DESCRIPTION

Additional

PATIENCE combines a cold-molded hull with a composite deck, finished in flawless custom AwlGrip paint and brightwork sealed beneath Captains Varnish with an epoxy topcoat, projecting an image of meticulous care and timeless style. Hand-selected teak caprails and custom-cut teak cockpit decking showcase exceptional joinery, while a 316 stainless-steel rubrail reinforces both durability and elegant lines. Below the waterline the vessel is protected with Petit bottom paint and the cockpit remains dry and ready thanks to self-bailing scuppers. Helm authority is assured by a custom hydraulic steering system paired with a custom stainless-steel wheel fitted with a “suicide knob” for precise low-speed control, and maneuvering is further simplified by a bow thruster with joystick. A custom-designed windscreen shelters the helm, custom lighting animates the cockpit after dusk, and stainless-steel pop-up navigation lights preserve the yacht’s clean profile when stowed. Classic detail is provided by a custom combination stern light and flag staff together with a bow burgee staff, while inside, bespoke high-end upholstery and full safety equipment complete the onboard experience with comfort and peace of mind. Navigation and monitoring are intuitive and reliable with a Garmin Echo Map Plus 44CV G3 and analog-style readouts for temperature, tachometer, voltmeter, and oil pressure; custom Dolphin stainless-steel dash gauges with gold trim add a jewel-like finish, and engine alarms protect the machinery by warning of low oil and high temperature. Sound levels are kept hushed by a heavy-duty sound-insulated engine compartment, and electrical reliability is ensured by two 8D batteries with a battery selector switch for dependable starts and redundancy. In every respect PATIENCE is turnkey and ready to go, with a trailer available as an optional purchase. The Company offers the details

of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
