## OVERVIEW

---

This 2021 Yamaha 275SD represents exceptional value, offered with only 204 engine hours, a lift-kept history and a transferable dry slip in Miami, FL to deliver immediate convenience for its next owner. Preliminary images accompany the listing while a full professional photoshoot is pending, yet the specification already conveys the quality of this premium 27-foot bowrider and luxury dayboat.

Engineered for responsive control and exhilarating performance, the 275SD is propelled by twin 1.8L SVHO supercharged engines producing a combined 500 horsepower, and it benefits from Yamaha's DRiVE X dual-paddle control alongside DRiVE Control for intuitive maneuvering. An Articulating Keel promotes true straight-line tracking and the drive-by-wire throttle offers smooth, precise power delivery. The jet-drive configuration delivers shallow-draft freedom, instantaneous push-button thrust and the safety of no exposed propellers, making this boat equally suited to marina agility, family cruising, wake play and carefree sandbar days.

The helm centers on a 12.3" Connex touchscreen with integrated mapping and joystick capability, supported by configurable switch panels and wireless charging outlets for modern convenience. The cockpit continues the elevated appointment with teak-look Marine Mat underfoot, upgraded upholstery throughout, an adjustable captain's chair with flip-up bolster and a passenger-side captain's seat that together create a true dual-helm experience. Thoughtful amenities enhance all-day comfort, including an enclosed head compartment with a portable toilet, a compact galley with sink and extended countertop, and a removable cooler for easy provisioning. A retractable windscreen lets you manage airflow, while a dedicated anchor and rope locker simplifies anchoring and beach setups. Overhead, a sleek hardtop with panoramic tinted skylights bathes the interior in natural light, and the

extended swim platform—fitted with upholstered backrests and integrated seating—creates a sophisticated waterside lounge. Practical touches such as a removable transom gate, bright docking lights and tasteful deck and tower courtesy lighting elevate both function and ambiance.

The distinctive swim-up stern seating includes two removable seats that secure to the transom for relaxed below-waterline lounging when anchored, and onboard entertainment is delivered by a seven-speaker Wet Sounds REVO marine audio system complete with a stern remote, turning every bay into an intimate venue. Yamaha's introduction of a fully loaded 27-footer is embodied in this 275SD, which blends advanced engineering with luxurious appointments to redefine the dual-engine jet-drive runabout. Lift-kept, lightly run and comprehensively outfitted, this refined day cruiser is ready for its next chapter in Miami with transferable dry storage—contact us to arrange a private viewing and experience the 275SD's rare combination of innovation, style and capability.
