# DETAILED DESCRIPTION

---

## 2024 Scout 277 LXF

---

Commanding and composed, the 2024 Scout 277 LXF arrives finished in Shark Gray and distinguished by factory-installed upgrades that elevate both adventure and refinement. At the heart of the cockpit, an upgraded fiberglass leaning post integrates a bait prep station, sink, stainless steel tackle drawers, and helm seats with folding bolsters and armrests—an ergonomic workbench that turns every run into a confident pursuit. Technology steps to the forefront with two Garmin displays and a deluxe JL AUDIO stereo upgrade, while two Lumishore LED underwater lights paint the waterline with luminescent allure. Practical enhancements are thoughtfully curated: a Lumitek light bar pierces pre-dawn runs, a windshield wiper keeps sightlines clear, one pair of bow rod/cup holders stands ready for action, a recessed bow ladder invites effortless water access, and a ski pole unlocks watersports at a moment's notice. Purpose-built fishing capability is standard and extensive, beginning with four stainless steel flush-mount rod holders and a port-aft recirculating bait well that keeps live bait lively and ready. Endurance is supported by a battery charger, while anchoring is seamless with a vertical windlass featuring a polished stainless anchor roller, anchor rode, and chain, complemented by a fresh-water anchor washdown. Movement around the deck stays safe and fluid thanks to a port-side swing-in door. From the helm, an electronics bezel with glove box keeps essentials stowed and secure, and control feels precise through a 13" stainless steel finger-grip wheel with power knob, guided by a reliable compass. Connectivity comes easy with a USB/USB-C combo port and an additional USB port, and entertainment is immersive via a Fusion Bluetooth stereo powering four 7.7" JL Audio speakers—further elevated by the factory JL AUDIO stereo upgrade. Overhead, a powder-coated T-top hardtop with an

integrated frameless windshield and rocket launchers delivers strength, shelter, and rod storage, while comfort abounds with a full bolster set, console cushion set, and port and starboard forward seating cushions. Evening ambiance glows with transom rope lighting. Practicality is ever-present in a standard leaning post that adds a tackle station, folding helm chairs, and a YETI cooler on a slide. Navigation and fishfinding are anchored by a Garmin 943XS display with B60 transducer, complemented by the pair of additional Garmin displays installed at the factory for a commanding, panoramic helm. Robust systems round out the experience with fresh-water and raw-water washdowns, a navigational light, power steering, and the confidence-inspiring Sea-keeper Ride. Below, a completely private head with a locking door offers genuine comfort: a self-contained porcelain head, opening porthole, and a step-inside console design make extended days effortless, with smart stowage in dedicated battery storage and a console shelf. Every detail on the 277 LXF is rendered with intent, delivering a center console that fishes hard, cruises beautifully, and entertains with unmistakable Scout polish.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
