# OVERVIEW

---

A refined 2024, 29-foot creation finished in Turkey, this yacht marries contemporary refinement with assured performance. Its advanced fiberglass/GRP composite construction provides a resilient, quiet platform, while the crisp, modern silhouette conveys grace at rest and authority underway. Designed for those who turn brief getaways into cultivated rituals, the boat is elegant, agile, and finished with meticulous attention to detail.

Propulsion is provided by twin Mercury diesel outboards, delivering lively acceleration, notable fuel economy, and precise handling whether easing into a fashionable marina or heading out to deeper water. The outboards' shallow-draft versatility complements a thoughtfully engineered hull, making coastal cruising, bay-hopping, and beachside stops effortless.

The on-deck arrangement encourages social comfort and ease of use. A sun-drenched cockpit sweeps around sumptuous seating that converts from lounging to dining in moments, while a compact refreshment center keeps beverages and light provisions within easy reach. Protected side passages and well-placed handholds instill confidence when moving about, and the aft area is arranged for simple water access—ideal for swim breaks and languid anchorages. At the helm, an ergonomic command station awaits with intuitive controls and room for contemporary navigation displays, providing comfort on long runs and clear command when conditions change.

Below deck, a versatile cabin serves as a tranquil refuge with tasteful finishes, ample storage, and an enclosed head compartment—well suited to unhurried day trips and impromptu overnights. Every surface and stitch reflects quality, backed by the durability and low-maintenance appeal for which GRP construction is renowned.

Equally attractive as a chic motor yacht for daytime outings, a lively sport cruiser for weekend escapes, and a polished express cruiser-style tender, this

29-footer is a true modern dayboat and weekender crafted to create memorable moments on the water.

# DETAILED DESCRIPTION

---

## Description

---

Purposefully equipped for decisive performance and effortless control, this yacht is driven by twin 200 HP Mercury engines in white, each fitted with digital displays that provide clear, at-a-glance engine data. Precise maneuvering and optimal running attitude are ensured by a Side-Power bow thruster and Lenco electric trim tabs with indicator, while confidence at the helm is reinforced by a professional-grade electronics suite that comprises a Garmin GPSMAP 723xsv chartplotter, a Garmin 1151 VHF radio with two antennas, and a GARMIN GMR 18HD+ radar, complemented by a compass and an electric windshield wiper with spray nozzle to keep the view sharp in all conditions. Designed for autonomy, the electrical system integrates a solar panel with charge controller, a Victron Energy inverter and a Victron Energy battery charger, with shore power delivered through an Osculati connection and a 15 m cable, and dedicated energy reserves provided by two 110 Ah 20 HR (CCA800) batteries for the engines and two 110 Ah 20 HR (CCA800) batteries for service, while conveniently placed USB outlets keep devices powered. Night or day, illumination is refined and functional, anchored by a commanding searchlight and four underwater lights for a dramatic wake, and softened by dimmable ceiling lights paired with LED reading lights to tailor the onboard ambiance. Onboard comfort is assured in every season with air conditioning offering hot and cold modes and a Webasto diesel heater, while on-deck refreshment is served by a Whale Twist deck shower with hot and cold water. Entertainment is immersive thanks to a Fusion music system driving four Fusion speakers with amplifier and a Fusion subwoofer, and anchoring operations are effortless with a Lofrans 500 Watt electric windlass backed by a secondary windlass control in the cockpit and an Ultra anchor of 8 kg secured to a galvanized chain. Safety

and situational awareness are heightened by an LPG gas leak detector and a bilge pump alarm, and natural light and ventilation pour in through a forward cabin deck hatch and a Webasto Series 20 sunroof (1 m x 1 m). Enduring independence is underpinned by a 420 L fuel tank, a 108 L fresh water tank, a 48 L grey water tank and a 48 L black water tank, alongside a Quick 25 L water heater, while practical conveniences include an electric marine toilet with black water overboard discharge, two Vitrifrigo refrigerators to keep provisions perfectly chilled and a mattress length of 190 cm that ensures genuine sleeping comfort for adults.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
