OVERVIEW

"Current price" is an indication only, and all sincere offers are warmly welcomed. Presented by her third owner—who took possession in 2007—this 1988 Blackfin 29 Sport Combo, lovingly named Black Skimmer, is a bona fide retirement sale: the owner would gladly continue her care, yet the time has arrived to hand her to a new custodian. With a generous 10' beam, an overall length of 29'6", and a 3.6' draft, she embodies the balance, poise, and seakeeping for which Blackfin earned its reputation among offshore sportfishermen and express cruiser aficionados.

Her most notable upgrade is a complete repower with matched diesel gear: twin Yanmar installations—Yanmar 6LPA-STC engines mated to ZF68A gears—installed as a matched pair, one in spring 2022 and the companion shortly thereafter. These twin diesel inboards have renewed her performance and reliability, giving the feel of a much younger yacht while preserving the deep V hull lines and purposeful, rugged elegance that define the marque. The exterior and interior finish present well, a reflection of careful ownership and consistent maintenance; current photos, taken before certain personal items were removed, accurately depict the onboard equipment as shown.

Turn key and ready to cruise, Black Skimmer is equally suited to refined private passages or to serving as a capable charter sportfishing platform. She is ideal for offshore runs, weekend getaways, and tournament ready days on the grounds. Serious, fair proposals will be considered with respect and discretion; interested parties are invited to put their number forward and begin the conversation.

A trailer is not included in this sale. Nationwide and international transport can be arranged, with custom cradles and shipment to port available for overseas buyers; quotes are provided upon request. If a trailer is desired, separate solutions can be sourced to meet that need.

Prospective buyers are urged to personally inspect machinery and systems to their satisfaction. No representation is made regarding the condition of engines, motors, or ancillary equipment; photographs of the engine space can be provided, yet independent verification remains the buyer's responsibility. Do not assume that stowed accessories or loose gear will be included unless they are present at viewing; the vessel is offered and will be sold exactly as seen.

All particulars are presented in good faith, but no guarantee is made and no warranty is implied as to the accuracy of specifications or the vessel's condition. Buyers should independently confirm any details they regard as material. This yacht is offered subject to prior sale, price adjustment, or withdrawal without notice. All marine assets—owned or brokered—are sold as is, where is, with no warranties expressed or implied, including any warranties of merchantability or fitness for a particular purpose, and no verbal statements shall alter the terms of sale.

Refined yet rugged and freshly repowered, Black Skimmer represents a rare chance to acquire an offshore capable, twin diesel Blackfin 29 that marries timeless lines with modern dependability and the focused, elegant spirit of a true sportfish cruiser.
