OVERVIEW

Trade-ins may be entertained. The 2025 Aviara AV28 Outboard pairs athletic performance with refined elegance, driven by twin Mercury 250HP outboards and guided by JPO joystick piloting for exceptionally precise handling whether you're slicing through spray at speed or easing into a leisurely coastal cruise. Navigation is centered on a 12" Simrad GPS/chartplotter accompanied by a vivid 10.1" command display, inviting confident passages from the sugar sands of Clearwater Beach out to the peaceful shores of Caladesi Island. Ride quality is enhanced by Mercury Active Trim and automatic bilge pumps, while the Light Gray hull accented in white and satin-silver metallic finishes assures a striking presence at any dock—a thoroughly premium bowrider crafted for the outboard day cruiser aficionado.

Step aboard to discover elevated comfort throughout a thoughtfully appointed cockpit, where plush gray Cool Feel marine vinyl meets linen-hued solid-surface details and a power-retractable bimini offers instant shade on bright Florida afternoons. Underfoot, Gray SeaDek delivers soft, non-slip refinement, and storage has been carefully integrated with hinged seat bases, dedicated fender keepers and neat cubbies to stow gear tidily. Practical amenities include a transom shower for rinsing off after a swim and a well-proportioned head with a 19-gallon waste holding tank for convenience on longer outings.

When daylight fades, dynamic RGB accent lighting transforms both cockpit and underwater zones to set the mood, while Klipsch premium audio fills the space with rich, immersive sound. Modern conveniences such as seamless wireless phone charging and a transom stereo remote keep entertainment effortless whether you're anchored off Sand Key or tracing a favorite shoreline. The helm is designed for natural command with double-wide seats featuring flip-up bolsters and an Italian-crafted wheel that provides a confident, sport-boat feel.

Practicality and safety remain paramount with a windlass and stainless-steel anchor, multiple 8" pull-up cleats, and an array of protective features including a handheld fire extinguisher, a bilge blower system and fuel system carbon canisters. For experienced skippers and newcomers alike, the AV28 Outboard condenses standout performance, luxurious finishes and the spirit of Florida coastal adventure into a sophisticated and modern dayboat experience.

DETAILED DESCRIPTION

Included options

This specification presents a required light gray primary hull paired with a white hull accent that is specified to contrast the primary, while the hull bottom is finished in white to coordinate with either the chosen primary or accent; the exterior deck is likewise finished in white to harmonize with the selected hull color. The cockpit interior and the underside of the hardtop are appointed in light gray as the required selection and are accented by a white rubrail. Cockpit surfaces feature a linen solid surface by specification, with Silver Satin metal trim selected for every applicable fitting. Seating is upholstered in gray Cool Feel vinyl as the mandatory choice, and gray SeaDek is specified and installed for the cockpit flooring to complete the refined palette. Propulsion is supplied by twin Jpo 250 hp Vdo engines finished in white. Protection and shade are provided by a black-only mooring cover and a power retractable bimini, while ambiance and entertainment are enhanced by RGB accent lighting in the cockpit and underwater zones and a transom stereo remote. Practical systems include a 110V domestic battery charger, four gel-cell batteries installed, a transom shower, and a windlass equipped with a stainless-steel anchor, rope, and chain.

Additional specifications

This succinct set of specifications conveys a refined, purpose-built character: the documentation records a seating capacity of 0 and a liferaft capacity of 0, with freeboard specified at 0 ft and deadrise at the transom at 0 degrees. The electrical installation is cataloged with an electrical circuit voltage of 0, while anchoring is managed by an electric windlass. Displacement is classified as dry load, and the vessel’s tax country is recorded as US.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
