## OVERVIEW

---

The 2003 Strike 31 Open is a true bluewater thoroughbred, marrying raw capability with refined lines and contemporary flair. Propelled by twin Yanmar 6LY2M diesel inboards (420 HP each), she cruises confidently at 30 mph and will sprint to a 45 mph top end, her 9'4" beam giving a broad, steady platform equally at home in serious offshore saltwater fishing or in elegant dayboating. Freshly refreshed in 2024, the hull presents a striking metallic blue finish capped in Snow White, complemented by all-new upholstery and a fitted cover to protect the sheen.

Purpose-built tournament features are woven through a Center Console/Walkaround layout: aluminum outriggers for extended spread, a plumbed baitwell, an insulated fish box with macerator, and an electric windlass for effortless anchoring. Navigation and comfort equipment are premium — Garmin radar, depth/sounder, VHF and a high-quality JBL audio system for clear situational awareness and enjoyable time aboard. A centerline fiberglass 180-gallon fuel tank enables longer offshore runs, while 30-amp shore power and a battery charger add practical dockside convenience.

Recent mechanical investments reinforce her readiness for long runs and hard use, with new turbos, heat exchangers, fuel pumps and additional upgrades underscoring durability and dependability. Whether chasing pelagics in tournament conditions or savoring a refined weekend cruise, this Strike 31 Open is a fully loaded, twin-diesel sportfisherman that fuses strength, style and sophistication into an offshore-ready contender.

# DETAILED DESCRIPTION

---

## Notable upgrades

---

Refinished in 2024 with a striking new paint job, this vessel pairs a metallic blue hull with a Snow White cap for a crisp, modern profile; comfort aboard is elevated by new upholstery installed throughout the boat, and a fitted boat cover is included to safeguard the yacht both at the dock and in storage, presenting a turnkey appearance that combines show quality aesthetics with practical protection for seasons of use.

## Inside equipment

---

Onboard amenities are thoughtfully appointed for convenience and reliability, including a toilet for comfortable days underway, a 20-gallon fresh water tank that provides a dependable supply for guests and crew, a dedicated saltwater washdown system to keep decks and gear shipshape after fishing or passage, and a dependable bilge pump to ensure confident dewatering and peace of mind in varied conditions.

## Fishing equipment & accessories

---

Purpose-built for serious angling, the boat is equipped with aluminum outriggers to spread lines and increase angling range, a bait well designed to keep live bait lively through long days on the water, and a fish box with a macerator pump for quick, clean discharge and hygienic storage; a stainless anchor provides secure holding in varied bottoms and a powerful spot light cuts through dusk and darkness when the bite runs late, extending your productive hours well into the evening.

## Console

---

The console and systems are engineered for range, control, and ease of use: a center-set fiberglass fuel tank of 180 gallons delivers balanced trim and generous cruising legs, an electric windlass manages ground tackle at the touch of a button for effortless anchoring, and 30-amp shore power pairs with a battery charger to keep onboard systems and batteries in peak condition whether preparing for a weekend cruise or extended cruising.

## Electronics

---

A capable electronics suite enhances every outing, featuring an audio system with 4 JBL speakers, 1 subwoofer, and 2 amps for rich, underway sound that fills cockpit and cabin alike; communications and situational awareness are covered by a VHF radio, a depthfinder for precise bottom reading, and Garmin Radar for confident watchkeeping and target tracking in all conditions, giving the captain the tools needed for safe and enjoyable passages.

## Mechanical equipment & engine

---

Reliable power comes from twin Yanmar 6LY2M diesel inboard engines, 420HP each, delivering a harmonious blend of speed and efficiency for confident performance; meaningful engine upgrades add real peace of mind and include 2 new turbos, 2 new heat exchangers, a new saltwater pump, 2 new manifolds, and rebuilt fuel pumps, while the running gear is equally robust with a 1 1/2 shaft and 2 four-blade props translating torque into smooth, efficient thrust for responsive handling and dependable cruise.

## Navigation system

---

Confident piloting is supported by Garmin Radar for vigilant target tracking and a depthfinder that reads the bottom with precision, keeping you informed in open water and tight channels alike so you can navigate with assurance in varied conditions.

## Disclaimer
