DETAILED DESCRIPTION

Additional equipment

Finished in a full hull color of Steel Gray over fresh bottom paint, this example sets a confident tone from the waterline up. The cockpit presents in Dune with brown flooring and Infinity Woven Vinyl underfoot, while the standard Walnut interior brings a warm, yacht-grade ambiance throughout. Power is delivered by the engine T-6.2L MPI SC AX BR3X (300PHP), paired to a 120V/60 cycle electrical system and backed by a gas generator rated 120V/60Hz. Climate and comfort are assured with cabin-only A/C and heating (120V/60), and everyday convenience is elevated by a dual-voltage cockpit refrigerator 120V/60–12V, a V-berth flat-screen TV with DVD, and a premier stereo seamlessly serving both cabin and cockpit. On deck, an extended sunshade and dedicated cockpit cover provide shelter on demand, blue LED lighting sets the evening mood, and the automated submersible swim platform pairs beautifully with transom sun pad seating to create a private waterside terrace. Practicality runs deep with a macerator featuring a seacock interlock system, an electric windlass with chain and SS anchor, a VHF radio with antenna and a five-inch remote-controlled spotlight, plus a flag pole with base for a polished finishing touch. Rounding out the package is an aluminum trailer with brakes, model CTA3517B-17000, model year 2023, VIN #1ZJBB3538PM142444.
