DETAILED DESCRIPTION

Boat highlights

The Virtue V10 2026 is the newest evolution of Scandinavian day boats, blending cutting-edge engineering, bold aesthetics, and maximum versatility for those who expect more from their time on the water. Designed to carry ten passengers with two berths and premium comfort packages, this yacht is a true lifestyle statement ready for adventure in the Caribbean. Powered by twin Mercury Verado V6 225HP outboards in White, the V10 2026 delivers an effortless, confident cruising experience up to fifty knots (92 km/h), with maneuverability refined by a 2 kW bow thruster and an integrated inverter upgrade that enables lithium power conversion for extended autonomy, making every getaway quieter, longer, and more independent. A striking white gelcoat finish (RAL 9003) with black ceramic-coated accents sets a purposeful tone, elevated by a premium black T-Top with a plexiglass skylight that bathes the helm in natural light, while electrically operated side platforms transform the cockpit into a generous waterside terrace at anchor, complemented by a four-step ladder, stainless steel rails, and light grey foam decking underfoot for secure, barefoot comfort. Entertainment is rich and immersive thanks to the JL AUDIO Premium Package with six deck speakers, two cabin speakers, dedicated amplifiers, a subwoofer, and DSP delivering crystal-clear, powerful sound whether underway or at anchor, and navigation is intuitive with dual Garmin GPSMAP 1223 12" chartplotters featuring sonar integration paired with a Garmin VHF 115i for confident communication. On deck, the Aft Comfort Package creates a versatile lounge and sunbed zone with a teak adjustable table, premium upholstery, and aft gates for safety and flow, while the Bow Sunbed Package adds an inviting sunpad with supportive backrests and sun tents with carbon fiber posts that shade both bow and aft for all-day

relaxation. Hosting is effortless at the fully equipped cockpit wet bar with Staron countertops, a sink, a cutting board, and dual refrigerators keeping refreshments at hand, and inside the forward cabin Nordic Teak joinery, cream upholstery, and warm LED lighting lead to a spacious head with a Staron countertop, sink, and electric toilet; air conditioning (10,000 BTU), powered via shore or inverter, ensures year-round comfort wherever you roam. Technical highlights include a 400 L fuel tank, a 60 L freshwater system paired with a 41 L greywater tank, robust drainage via three electric and one manual bilge pump, and electrical resilience from a Mastervolt charger with a US plug and an inverter option, while thoughtful amenities such as an LED searchlight, wireless phone charging, and a complete deck cover set enhance every outing, rounded out by dock lines, fenders, and a branded cushion and towel package so you are fully equipped from the moment you step aboard.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
