## Specifications

---

The specification marries craftsmanship and capability: a solid teak decked cockpit and a solid teak swim platform frame every step aboard with inviting warmth and sure grip, while precision handling is delivered by Volvo joystick control paired with autopilot and dynamic position hold, working in concert with a Sidepower bowthruster for effortless low speed maneuvering. Up front a custom bow sprayhood shelters guests and the bow table converts seamlessly into a generous sunbed, the profile further defined by Black Hypalon tubes and Sunbrella black upholstery, all set off by a complete custom Black Nova 907 paint package. Overhead a carbon hard top provides rigid shade and a folding windscreen lets you tune airflow at will, and ground tackle is uncompromising with a stainless steel anchor and chain measured by an MZ chain counter while the stern carries a striking maxi flagpole as a finishing touch. Entertaining is centered around a Vitrifigo cockpit fridge and boarding is eased by a teak boarding step mounted on the tube, with power management assured by a 230 V battery charger and cable. Navigation and situational awareness are comprehensive thanks to a Garmin GPS Map plotter, VHF, depth sounder and a Garmin AIS transceiver, and protection and comfort are completed by a full upholstery cover set together with a cockpit shade and poles.
