OVERVIEW

Huge Price Reduction

Now \$79,000 — Seller receptive to reasonable offers

2004 Sea Ray 320 Sundancer — straight-drive shaft configuration

This elegant 320 Sundancer combines the sleek lines and social layout of an express cruiser with the dependable performance of an inboard straight-shaft installation. Powered by twin 5.7L MerCruiser 350s and showing only 650 original hours, she has been fastidiously cared for and is currently stored on the hard to preserve her excellent condition for the next owner. All major systems have been inspected and prepared for a smooth survey and sea trial; service records and invoices are available to qualified buyers.

Meticulously updated and serviced for coastal weekend cruising and extended stays aboard, the boat benefits from a recent starboard 5.7L long block installation with an extended warranty bringing coverage to a total of 3 years. The bottom and running gear received thorough attention: props were removed, dynamically balanced and reconditioned, PropSpeed was applied to props, shafts and trim tabs, and new zincs were fitted throughout. Both engines and both transmissions have undergone comprehensive service, including removal, cleaning and servicing of fuel injectors. The fuel tank has been cleaned and polished; fuel pumps and fuel coolers have been replaced or rebuilt, and new MerCruiser high-pressure fuel pump/cooler kits and fuel pressure regulators are installed on both engines. Exhaust manifolds were removed for inspection and found to be in excellent condition, requiring no replacement. New bilge pump systems have also been fitted.

Notable upgrades and features

Fresh starboard 5.7L long block with extended warranty (total 3 years)

Recent bottom service; PropSpeed applied to all running gear (props, shafts,

trim tabs)

Propellers removed, balanced and reconditioned

New zincs installed throughout

Comprehensive engine services completed on both engines

Full transmission services on both gearboxes

Fuel tank cleaned and polished

Fuel pumps and fuel coolers replaced or rebuilt

Fuel injectors removed, cleaned and serviced on both engines

Exhaust manifolds removed and inspected — excellent condition, no replacement required

DETAILED DESCRIPTION

Engine notes

Choose the propulsion layout that best suits your cruising style: V-drive inboards and Volvo diesel stern drives are available as alternative options, each offering distinct advantages to help you tailor the yacht's character, whether your priority is peak performance, fuel-efficient range, or straightforward, low-effort maintenance.

Disclaimer

Information about this vessel is presented in good faith for the convenience of prospective buyers, but accuracy cannot be guaranteed and the condition of the vessel is not warranted; buyers are strongly advised to engage their own agents or marine surveyors to verify any particulars they consider important, and the vessel is offered subject to prior sale, change of price, or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
