# DETAILED DESCRIPTION

---

## Section name

---

The 2024 Blackfin 302cc is an extraordinary craft that seamlessly merges sophistication with practicality, making it perfect for deep-sea fishing, leisure cruising, or exploring new destinations. With a 10-foot beam and an overall length of 32 feet 8 inches including the engines, this vessel boasts a spacious and thoughtfully designed layout suited for a range of nautical adventures.

Central to the 302CC's impressive performance is the wide selection of Mercury engines, notably the twin WHITE Mercury 300XXL Verado DTS models, which provide a combined 600 horsepower and joystick control for smooth handling. The double-stepped hull, designed by the esteemed Michael Peters Yacht Design, guarantees one of the most fluid and fuel-efficient experiences in its category, allowing for effortless navigation.

This Blackfin model features a captivating Carolina Blue hull, paired with an Arctic White hard top and bottom, resulting in a visually striking look. The Feather Upholstery adds a luxurious touch, while the all-chain anchor rode and white rub rail insert enhance both utility and style.

For water enthusiasts, the Sea Dek swim platform inlay offers a secure and comfortable space to enjoy aquatic activities. The RGB LED underwater lights create an enchanting atmosphere for evening excursions. Additionally, a dive ladder is included, facilitating easy access to underwater exploration.

The 302CC is fitted with a leaning post that includes an aft-facing seat, ideal for relaxation or social gatherings. Gray protective covers for the aft-facing seat, console, forward console seat, and leaning post help maintain the vessel's pristine condition.

Cutting-edge navigational technology is highlighted by the Garmin Dual GPS/Chartplotter-Garmin 8612 and the Garmin Radar-GMR 18xHD Radome,

equipping you with essential tools for safe and efficient journeys.

In conclusion, the 2024 Blackfin 302cc is a superb fusion of elegance, performance, and innovation, offering a flawless blend of technical prowess and luxurious amenities tailored for the discerning mariner.

## Basic boat info

---

Presenting the E181, a remarkable creation by Blackfin, celebrated for its superior craftsmanship and outstanding performance. This 2024 Blackfin 302CC, though pre-owned, remains in superb condition, reflecting the lasting quality and dependability that Blackfin vessels are famous for. Designed by the renowned Michael Peters Yacht Design, this powerboat exemplifies cutting-edge marine engineering and sophisticated style.

Built with resilient fiberglass, the E181 features a strong and streamlined design, ensuring both durability and grace on the water. The hull identification number, BKFB E181E324, verifies its authenticity and heritage, a hallmark of the quality that Blackfin consistently upholds. With a cruising range of 324 miles, this vessel is ideal for long voyages, providing both excitement and comfort.

The E181 is an impeccable fusion of aesthetics and utility, crafted by the expert hands at Blackfin. Whether you're exploring coastal waters or setting out on open-sea adventures, this boat guarantees a dependable and thrilling journey. Its design and construction embody a dedication to excellence, making it an exceptional choice for boating aficionados who desire both high performance and elegance.

## Dimensions

---

The proportions of this yacht are carefully crafted to deliver both practicality and sophistication on the water. With a length of 30 feet and an overall length of 32 feet 8 inches, this vessel offers generous space for relaxation and

exploration. The waterline length of 30 feet 2 inches enhances the boat's performance and stability. A beam of 10 feet guarantees a roomy interior, facilitating easy movement and comfortable accommodation.

The yacht's draft is expertly designed, featuring a maximum draft of 2 feet 9 inches and a minimum draft of 1 foot 8 inches, making it adaptable to various water conditions and docking situations. The bridge clearance is 8 feet 9 inches, allowing for smooth passage under most bridges. Furthermore, the 23-degree deadrise ensures a smooth and efficient ride, enhancing the vessel's ability to glide through waves with ease. These dimensions collectively provide a harmonious and pleasurable boating experience, whether you're cruising along the shoreline or exploring the open sea.

## Engines / speed

---

This yacht is equipped with a pair of powerful Mercury Verado engines, each being a 300XXL DTS model, collectively providing an impressive 600 horsepower. These outboard-4s engines, running on unleaded fuel, are strategically placed with one on the port side and the other on the starboard, ensuring optimal balance and agility.

The yacht cruises comfortably at a speed of 33.33 mph, achieved at a propeller RPM of 4000, facilitating smooth and efficient long-distance travel. When you wish to tap into the vessel's full capabilities, it can accelerate to a top speed of 55.3 mph, offering an exhilarating experience on open waters. The synergy between these potent engines and the yacht's design guarantees an exciting yet stable journey, making it a perfect choice for those who desire both speed and dependability in their nautical pursuits.

## Tanks

---

The yacht boasts an extensive tank system crafted to facilitate long voyages

and provide comfort while at sea. It includes a single fuel tank with a remarkable capacity of 240 gallons, ensuring ample fuel reserves for extended trips and allowing you to venture further without the need for frequent refueling. Complementing this is a water tank with a 50-gallon capacity, delivering fresh water for all your onboard requirements, from cooking to cleaning, thereby enhancing the overall convenience of your nautical journey. Moreover, the yacht is equipped with a holding tank that has an 11-gallon capacity, designed to efficiently handle waste and maintain a clean and pleasant atmosphere on board. This thoughtfully designed tank setup highlights the yacht's ability to offer both autonomy and comfort, making it an excellent choice for those who relish prolonged stays on the water.

## Additional info

---

This yacht represents a pinnacle of contemporary engineering, featuring an extensive suite of amenities and equipment designed to elevate your maritime experience. With a single head onboard, convenience is guaranteed, and the electric windlass makes anchoring a breeze. Classified under center consoles, saltwater fishing, and freshwater fishing, this vessel is adaptable for a variety of water-based adventures. The joystick steering system offers precise control, enhancing the ease of navigation.

The hull and deck are constructed with Advanced Carbon Fiber Technology, ensuring both strength and longevity. The anchor windlass comes with a stainless steel anchor and through-hull roller hardware, while a vinylester barrier coat provides additional protection. The robust black rub rail with a stainless steel insert, along with stainless steel bow and stern eyes, combines functionality with style. The addition of a bow thruster, pull-up stainless steel cleats, and a dive/boarding door further increases the vessel's practicality.

The cockpit is crafted for both relaxation and utility, featuring an insulated baitwell with a transparent front, a custom Blackfin bucket, and a cockpit table

with SeaDek inlay. Courtesy lighting, drink holders, and dual 12V outlets enhance convenience, while the fiberglass cockpit liner with non-skid and self-bailing features ensures safety. The yacht also includes a fiberglass hardtop system with a powder-coated aluminum frame, tempered glass windshield, and LED lighting, offering both protection and elegance.

Seating is plentiful and comfortable, with bow and cockpit combing bolsters, U-shaped bow seat cushions, and forward-facing console seats with flip-up armrests. The helm seats are equipped with flip-up bolsters and armrests, and the transom bench seat folds away to create additional space.

The console and head area feature a lockable pantographic door, a pull-out sprayer, and an electric toilet with a holding tank and pump-out deck fitting. The helm is outfitted with a compass, digital engine monitoring system, and a stainless steel steering wheel with a urethane grip, ensuring a smooth and controlled ride.

The electrical systems are robust, including a battery charger, weatherproof electrical system, and automatic bilge pump. The fuel system features double-clamped fuel lines for added safety, while the underwater gear includes trim tabs with indicators and auto-retract.

Options and upgrades feature twin WHITE Mercury 300XXL Verado DTS engines with joystick control, a Carolina Blue hull, and an Arctic White hard top and bottom. Feather upholstery adds a luxurious touch, while the all-chain anchor rode ensures reliability. The Sea Dek swim platform inlay and RGB LED underwater lights enhance the vessel's visual appeal.

The cockpit includes a dive ladder and an aft-facing seat with a leaning post, while the canvas offers gray covers for various seating areas. The Garmin electronics package, featuring dual GPS/chartplotter and radar, ensures you are fully equipped for navigation.

Please be aware that while the company provides these details in good faith, it cannot guarantee the accuracy or condition of the vessel. Potential buyers are

encouraged to conduct their own assessments. The vessel is offered subject to prior sale, price change, or withdrawal without notice.
