OVERVIEW

This elegant yacht, offered for sale at the current boat location, measures 10.1 m in length with a beam of 3.33 m and is powered by twin Suzuki engines rated at 2 x 300 hp, with engine hours recorded as 0 h. Her tanks are ample for coastal cruising: a fuel capacity of 390 ltr. and a fresh water capacity of 94 ltr., while a roomy 65 ltr. fridge keeps refreshments chilled. Steering is managed through a refined hydraulic system that, together with a dependable compass, ensures confident handling and precise navigation.

Comfort and practicality are woven throughout the design, from additional sunbeds at the stern and bow to a hardtop and an extra tent for the stern that shelter guests from sun and spray. Anchoring is effortless with an electrical windlass, while an electrical air compressor and a modern electrical toilet with a black water tank add convenience. Safety and serviceability are catered for by navigation lights, an automatic bilge pump, and a 220 V shore power inlet, and the teak table and stereo system create an inviting social space for entertaining aboard.
