# DETAILED DESCRIPTION

---

## Section name

---

Welcome aboard "The Nina," a breathtaking 1997 Sea Ray 330 Sundancer that offers both opulence and high performance on the water. This remarkable yacht has been carefully preserved and stored under cover, ensuring it remains in pristine condition. "The Nina" has received numerous enhancements, including cutting-edge Garmin electronics with radar, elevating your navigation experience to new heights.

This beauty is powered by twin V-drive Mercruiser 454 engines, delivering strong and dependable performance, supported by a Kohler generator to fulfill all your power requirements. Enter the cockpit, and you'll be enveloped by the rich acoustics of JL Audio speakers, ideal for setting the perfect atmosphere on your journeys. The updated cockpit table provides a chic and practical area for socializing, while the woven cockpit carpet adds a layer of sophistication underfoot.

On sunny days, the Bimini top offers generous shade, and the cockpit fridge keeps your beverages cool and easily accessible. As dusk falls, the LED arch lights cast a mesmerizing glow, making evenings on "The Nina" truly enchanting. With all these features and more, this yacht is poised to offer unforgettable moments on the water. Arrange a viewing now before it's too late!

## Manufacturer provided description

---

The Sea Ray 330 Sundancer, with its distinctive design, truly distinguishes itself, offering a remarkable combination of style and practicality. This 33-foot cruiser is crafted to comfortably accommodate six guests, featuring a spacious and

adaptable cockpit that meets all your performance expectations. Outfitted with optional twin inboard MerCruiser V-drives, alongside the standard twin 5.7L, 260 horsepower MerCruiser V-drives, the 330 Sundancer is prepared for any journey you envision.

The dual helm seat grants the captain and navigator an unobstructed view of the water through a tempered glass windshield, which is center-vented to capture refreshing sea breezes and provides easy access to the foredeck. All controls, including the standard VHF radio and Lowrance depth finder, are conveniently accessible. A wet bar on the port side is ready to meet any refreshment needs in the cockpit, while a fold-down step facilitates easy boarding. The cockpit table can be lowered and, with a filler cushion, converts into a sunpad for two. The aft seat is cleverly hinged, allowing the electrically operated cockpit floor to rise for quick engine access.

The standard canvas package features a Sunbrella bimini top, complete with a sun shade, interlocking top extrusion, boot, and vertical storage, as well as front bimini curtains, side curtains, and an aft cover to shield the cockpit. Below deck, to starboard, a plush sofa provides ample space for relaxation and doubles as a dining area. By lowering the table and adding a soft filler cushion, the sofa easily transforms into a double berth. The mid-stateroom serves as a conversation area during the day and converts into a double berth at night, with a screened sliding window allowing plenty of fresh air and light.

The forward stateroom includes a double berth, two large mirrored hanging lockers, a TV-VCR combo, and a privacy curtain that encloses the entire space. The head is conveniently located just inside the cabin door, offering easy access for passengers in both the cockpit and cabin. This area includes a VacuFlush toilet, vanity with sink, and a shower with a curtain. In the galley, you'll find a large sink, refrigerator, flush-mounted two-burner electric stove, and microwave, all designed to make your time on the water as comfortable and enjoyable as possible.

Please be aware that while the company provides the details of this vessel in good faith, it cannot guarantee or warrant the accuracy of this information or the condition of the vessel. Potential buyers are encouraged to have their agents or surveyors verify any details they wish to have confirmed. This vessel is offered subject to prior sale, price change, or withdrawal without notice.

## Propulsion

---

This yacht's propulsion system is driven by a pair of sturdy MerCruiser engines, both manufactured in 1997. Each engine is a 7.4 model, crafted for inboard installation, and operates on gasoline, guaranteeing a potent and efficient performance on the water. Together, Engine 1 and Engine 2 produce a combined power output of 260 horsepower, offering the essential thrust for smooth and dependable cruising. These engines exemplify the lasting quality and engineering prowess of MerCruiser, making this yacht a reliable option for any seafaring journey.

## Specifications

---

This yacht features remarkable specifications that enhance both its performance and comfort. Measuring 33.5 feet in length with a beam of 11.42 feet, it provides generous space for leisure and activities on board. With a dry weight of 11,200 pounds, the yacht promises a stable and smooth journey across the waves.

The design incorporates a 17-degree deadrise at the transom, enhancing its superb handling and stability in diverse sea conditions. For longer voyages, the yacht is outfitted with a 40-gallon fresh water tank, a sizable 225-gallon fuel tank, and a 28-gallon holding tank, ensuring all the essentials for a comfortable and seamless journey. These specifications underscore the yacht's ability to offer an exceptional cruising experience, making it a perfect choice for those

who desire both adventure and luxury on the water.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
