## OVERVIEW

---

The 33 Southport arrives as a carefully conceived combination of comfort and capability, offering a roomy berth tucked beneath the center console and a convenient stand-up wet head to ensure onboard privacy and practicality. Offered with a full bespoke canvas ensemble, the vessel is fitted with protective covers for the bow, helm, and every seating area, along with tailored bolster cushions and dedicated engine protection to keep upholstery and machinery pristine.

Handling is effortless thanks to a bow thruster, Optimus joystick engine controls, and responsive power steering, while the Garmin 8617 twin-display glass dash—protected by a rigid hard cover—puts navigation and engine data where you need it. Communications and situational awareness are comprehensive, with send-and-receive AIS/VHF capability, radar, and front, bottom, and side sounder transducers feeding the electronics suite, and an auto-pilot system that eases long passages.

Every practical detail is married to refined finishes: a polished stainless steel anchor and windlass deliver both utility and shine, a convenient side door allows safe access, and the white powder-coated tower, rod holders, and handrails lend a crisp, functional elegance. Underfoot, soft decking at the helm, aft deck, and engine well enhances comfort during long days on the water.

Visually striking, the hull and engines wear custom metallic bronze paint accented by a clean white bottom, while the underside of the hardtop is finished to harmonize with the contrasting seating hues. Forward, an electric high/low table with cushions creates an inviting lounge or dining area, and practical systems include a DC refrigerator, battery charger, and an ACR LED spotlight with molded LED navigation lights integrated into the hardtop. A Fusion stereo system with four speakers completes the onboard amenities,

providing a tasteful soundtrack to every cruise.

This luxurious vessel is currently available for yacht sales in the current boat location, presenting an exceptional opportunity to acquire a yacht that blends style, performance, and comfort.
