OVERVIEW

New to the market and offered at the most attractive price among 2025 models, this Hanover 305 Black & Orange Sport T-Top Edition presents a rare chance to take possession of a meticulously outfitted performance cruiser after the first owner has absorbed the steepest depreciation. The dramatic Black & Orange livery and athletic accents cloak Italian-influenced lines and refined detailing, while a carefully chosen package of factory and dealer upgrades makes this vessel truly turnkey for owners seeking a high end bowrider, dayboat, cabin cruiser, express cruiser, or outboard motor yacht. Beneath the sleek profile sit twin 200 hp Mercury EFI outboards showing only 43 hours, supported by extended 5 year coverage and complemented by a separate 5 year structural hull warranty; the propulsion package delivers lively performance and peace of mind. The fully optioned build includes inverter powered cabin air conditioning for comfortable overnighting, a bow thruster for effortless close-quarters handling, and an upgraded 16" Simrad GPS/MFD for superior navigation and electronics integration. Lightly used, comprehensively equipped, and ready for coastal cruising or chic weekend escapes, she combines striking style with purposeful capability.

DETAILED DESCRIPTION

Helm

Command with confidence from a helm anchored by the upgraded Simrad NSO EVO3 16" GPS/chartplotter and a Simrad VHF radio with antenna, delivering precise navigation and clear communication. Effortless low-speed control comes courtesy of a bow thruster, while the Lenco trim tab control with indicators fine-tunes running attitude with fingertip precision. An Italian steering wheel and a complete Italian-design helm set elevate the driving experience with unmistakable craftsmanship. Set the mood with a Fusion marine sound system featuring six JBL speakers and an amplifier for rich, full-range audio. After dark, headlights with remote (cruising spotlight) extend your horizon, and a pair of underwater lights adds a dramatic glow to the waterline.

Cockpit & deck

A fiberglass sport T-top with integrated lighting crowns the cockpit, while premium EVA flooring runs throughout for secure footing and refined comfort. Entertain around the wooden cockpit table and keep provisions perfectly chilled in the Dometic cockpit drawer refrigerator to starboard. Settle into the adjustable aft lounge and summon shade at the touch of a button with the Stobag electric aft shade. Stay powered up with an extra USB socket for device charging, and protect the boat between adventures with a canvas snap-on boat cover and an Eisenglass enclosure that seals the cockpit from the elements.

Mechanical & electrical

Quiet comfort arrives with a battery-operated Mabru A/C, delivering cool air without relying on shore power. An 1800 W power charger/inverter manages energy seamlessly, while the electric toilet system pairs with a macerator pump and holding tank for clean, dependable operation. Shore power connectivity includes a 30 A shore cord and a galvanic isolator for robust electrical protection. An adjustable engine protection railing safeguards the machinery, enhancing safety and serviceability in the machinery space.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
