OVERVIEW

The 2020 Midnight Express 34 Open presents as a pristine center-console luxury dayboat, lift-kept from new with no bottom paint and showing just 385 hours on twin Mercury 350 outboards, employed only for local cruising and never fished. Protected by Mercury Platinum coverage through July 22, 2027, this offshore performance powerboat embodies the very hull chosen by the Coast Guard, DEA, Homeland Security, and Border Patrol, celebrated for blistering speed, remarkable efficiency, and a poised, dry ride thanks to the Integrated Spray Reduction design. Her patented double-stepped hull and the Midnight Express stepped running surface, coupled with a commanding 11' beam, deliver best-in-class stability with minimal bow rise, turning rough water into confident, composed passages and making her equally suited as a sport yacht tender, an express open runabout, or a high-end weekend day cruiser. The helm is artfully appointed with a Garmin 7616 GPS, Garmin VHF, Mercury Joystick, and Mercury VesselView, all set within a tinted fiberglass console inlay that reduces glare and eases long passages. Entertainment and ambiance are tended by a Fusion stereo with remote head driving JL Audio speakers, while a Ritchie compass and comprehensive LED lighting enhance safety from cockpit to bow. A fixed fiberglass hardtop completes the purposeful silhouette, shading double-bolster captain's chairs with dry storage below and forward-facing seating with cavernous under-seat compartments. Practical design abounds: a forward-opening console door and an easy-access electronics and battery hatch simplify service, in-floor amidships storage swallows gear, and oversized fish boxes stand ready for chilled provisions. Comfort and convenience continue with a marine head with discharge, non-skid fiberglass decks underfoot, a portside dive door with swim ladder for easy water access, and a rear actuating transom seat that opens wide to the lazarette. The forward anchor locker is neatly integrated and the deep blue

gelcoat hull with matching cowling covers elevates the yacht's refined profile. With its patented hull features, Integrated Spray Reduction, and the sure-footed authority that distinguishes elite offshore open boats, this 34 Open is a turnkey, high-performance express center console that marries speed, elegance, and everyday usability in an impeccably kept package.
