DETAILED DESCRIPTION

Accommodations

Step into this exquisite yacht and indulge in the ultimate blend of luxury and comfort. The forward owner's stateroom is a sanctuary of tranquility, featuring a queen-sized berth with an innerspring mattress that ensures peaceful slumber. This stateroom is meticulously crafted with two cedar-lined hanging lockers, offering generous storage for your personal items. High-intensity reading lights and an overhead hatch with a screen and shade combination create the perfect atmosphere, while two stainless steel opening port lights with screens invite fresh air and natural light inside.

The main salon is just as welcoming, featuring an ultra-leather sleeper sofa that comfortably accommodates two guests. The cherry wood interior and CFEA wood flooring in both the salon and forward stateroom radiate elegance and warmth. Entertainment is easily accessible with a Sole 15" flat panel color TV with a DVD player, an AM-FM stereo with a CD player, and a Denon 200 amp stereo system. Both the main salon and flybridge are fitted with Bose stereo speakers, with the flybridge offering separate volume control for a customized audio experience.

The yacht's design effortlessly merges indoor and outdoor spaces with double freedom doors opening to the cockpit, complete with curtains and a lockable screen feature. A full windshield and halogen lighting throughout the cabin enhance the overall ambiance, making this yacht a perfect fusion of opulence and practicality.

The galley, situated to port, is a culinary enthusiast's dream. It features expansive Corian countertops and a large stainless steel sink with a designer faucet. Cooking aficionados will appreciate the microwave oven and two-burner 110v electric range, while the concealed trash bin and

under-counter storage enhance the galley's functionality. The refrigerator/freezer operates on both AC and DC power, keeping your provisions fresh. Everware teak and holly flooring and expertly crafted galley cabinets complete this area, making it as stunning as it is practical.

Electronics & navigation equipment

This yacht boasts cutting-edge electronics and navigation systems, guaranteeing a smooth and secure voyage on the water. Central to its communication capabilities is the Raymarine Model 218 VHF marine radio, which is complemented by an 8-foot fiberglass antenna and a chrome ratchet, ensuring dependable and clear communication. Navigational accuracy is further enhanced by a flush-mounted, illuminated compass at the upper station, providing excellent visibility in all conditions.

For superior navigation, the yacht is equipped with the E-80 Series radar, capable of reaching 48 miles, offering extensive situational awareness to detect and monitor objects from afar. This is further supported by the E-80 Series GPS chart plotter with a chip, delivering precise and detailed route mapping. The Raymarine autopilot, featuring a rudder angle indicator, facilitates effortless steering and course management, allowing you to fully enjoy the journey. This advanced array of electronics and navigation tools ensures that each trip is both pleasurable and safe.

Electrical system

The yacht's electrical system is crafted to deliver optimal efficiency and comfort, ensuring a flawless experience on the water. It includes dual-zone air conditioning with reverse cycle heating, allowing you to maintain an ideal climate regardless of the weather. The automatic battery charger and safety switches guarantee a dependable and secure power supply. A sturdy bonding

system with a zinc anode shields the vessel from electrical corrosion, while color-coded wiring harnesses make maintenance and troubleshooting straightforward.

The yacht is fitted with 12v electric bilge pumps featuring automatic float switches, ensuring effective water management and peace of mind. The 8.0 kW Kohler FWC generator, equipped with a sound shield and 970 hours of use, provides a consistent power source. Safety is further bolstered by GFCI protection throughout the yacht and a high water alarm coupled with a 4,000 GPH bilge pump.

Interior lighting is seamlessly integrated, and the GFI isolation transformer offers an additional layer of electrical safety. Waste management is efficiently handled by a 34-gallon holding tank with a macerator and deck pump-out fitting. Entertainment and connectivity are well-supported with a TV antenna featuring a tuner switch, along with TV and telephone dockside connections. The yacht also features a 6-gallon water heater and Wema water and holding tank monitors for added convenience. Dual 30 amp shore power service is available at both the bow and stern, supported by two 50-foot 30 amp shore power cords, ensuring ample power supply wherever you dock. This comprehensive electrical system is designed to fulfill all your needs, providing a secure and comfortable onboard environment.

Deck

The deck of this yacht is a stunning example of design and practicality, featuring an expansive and deep 360-degree walk-around fiberglass surface that guarantees both safety and ease of movement. At the bow, there is a pulpit with an anchor roller and an anchor locker, all enhanced by a custom 316L stainless steel bow rail that provides both elegance and security. The bridge is crafted to comfortably host six or more guests, making it an ideal place for social gatherings while taking in the views.

The deck is fitted with two stainless steel bow cleats, two spring cleats, and two stern cleats, ensuring secure mooring options. Cockpit storage and an integrated cooler add to the convenience of outdoor living, while courtesy lighting on the cockpit, bridge, and deck ensures visibility and ambiance during evening hours. The dockside water connection and electronic shift and throttle controls simplify operation, and the electric horn ensures you are heard when necessary.

A high-density rub rail with a stainless steel insert protects the hull, and the hinged companionway door provides easy access to the interior. The hull feature stripe adds a touch of sophistication, while the folding mast and molded fiberglass steps to the flybridge showcase thoughtful design. Navigation lights and custom 316L stainless steel safety rails enhance safety, and the full fiberglass swim platform with a ladder and transom door offers easy access to the water.

On the bridge, a folding table provides a convenient space for dining or relaxation, and the venting center windshield allows for cabin ventilation. This deck is not only a testament to exceptional craftsmanship but also a space designed for enjoyment and functionality, ensuring every moment on board is a delight.

Mechanical equipment & engine details

The mechanical systems and engine specifications of this yacht are crafted with precision to guarantee peak performance and dependability. The yacht is outfitted with engine hour meters and comprehensive engine instrumentation, allowing for thorough monitoring of engine status. Bronze struts and rudders enhance the vessel's robustness and stability, while dripless shaft logs with spare parts installed reduce maintenance requirements.

Engine alarm systems are installed to notify you of high temperatures and low

oil pressure, ensuring prompt action. The automatic Halon system adds an extra layer of safety, and freshwater cooling for both the engines and generator boosts efficiency and extends lifespan. Fuel management is optimized with Racor primary and secondary fuel filters, ensuring clean fuel supply.

The yacht includes prop pockets and a pressurized hot and cold water system, enhancing onboard comfort and functionality. Hydraulic steering and internal sea strainers improve maneuverability and protect the engines. Seacocks on all underwater thru-hull fittings and Aquamet stainless steel shafts further ensure the vessel's integrity and performance.

Bennett hydraulic trim tabs provide precise control and stability, while the 250-gallon welded aluminum fuel tank, centrally located, offers a generous range for long journeys. Anchoring is simplified with a 35-pound plow anchor, 15 feet of anchor chain, and 150 feet of anchor line. All essential safety equipment is included, along with mooring fenders for secure docking.

For additional assurance, a spare Bruce anchor with chain and line is also available. This extensive array of mechanical systems and engine details ensures that the yacht is not only a joy to operate but also a trustworthy companion on the water.

Additional comments

This yacht seamlessly combines strength and sophistication, featuring a molded fiberglass head that is both sturdy and easy to care for. The integrated vanity and electric flush toilet, equipped with a holding tank, macerator, and Wema Tank Watch system, offer both convenience and efficiency. A dedicated 35-gallon fresh water flush tank enhances the water system's functionality, which includes both hot and cold water options.

The private shower stall adds a luxurious touch, complemented by a stainless

steel port light and overhead lighting that create a bright and welcoming environment. Practical features include a medicine cabinet, a stainless steel sink with storage below, and a tilting mirror. The Corian countertop provides a refined finish to the area.

In terms of optional features, the yacht showcases a majestic blue hull, offering a striking visual impact. The Oil X-Change-R system and dripless shaft logs with spare parts simplify maintenance. The Lewmar electric anchor windlass, with controls on both the deck and helm, makes anchoring operations straightforward.

For leisure and entertainment, the yacht is equipped with a convertible sofa, two salon chairs, and an AM/FM stereo CD player on the flybridge. A raw water washdown forward and custom flooring in the engine room emphasize attention to detail and practicality. The yacht proudly holds NMMA Yacht Certification, highlighting its quality and adherence to industry standards. This blend of features and optional extras ensures that the yacht is not only a joy to own but also a testament to exceptional craftsmanship and thoughtful design.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
