OVERVIEW

2021 Tiara 34 LX presented with meticulous care under a disciplined detailing regimen managed by the owner and a professional yacht-management team, this luxury dual-console crossover has been lift-kept with a crisp white bottom paint and shows exceptionally well. The twin outboards have all services up to date and are covered by Platinum extended warranties through 12/10/2028. Interior soft goods appear virtually new, and the boat is comprehensively equipped with air conditioning, windlass, joystick docking and steering, among other amenities. Both Garmin MFDs were recently replaced and the vessel has been freshly detailed. When not underway she is stored fully covered and protected by a GOST security system, delivering a truly turnkey experience. An elegant dayboat and express cruiser with outboard performance, she is equally suited to coastal sport-yacht passages or premium family dual-console use.

DETAILED DESCRIPTION

Overview

Effortless command begins at the helm, where a precise steering system and intuitive joystick control pair with a bow thruster to deliver absolute confidence in close quarters maneuvering, making docking and tight approaches remarkably simple and reassuring. Power is provided by Mercury 350 Verado outboards finished in striking Cold Fusion White with only 230 hours of use, complemented by full joystick functionality and supported by a Platinum warranty through 12/10/2028, offering both performance and peace of mind. Navigation and onboard entertainment are anchored by two new Garmin 8612 multifunction displays and a Garmin open array radar, while a Fusion stereo, JL Audio speakers, and an LED light bar create atmosphere and extend the day well into the evening. Onboard comforts elevate every passage: an electric rear sun shade provides instant shelter, air conditioning together with shore power maintains a perfectly temperate environment, and an electric head with holding tank ensures privacy and convenience; practical details are everywhere, from protective covers for all upholstery to an electric windlass with a stainless anchor, all crowned by a retractable sunroof that opens the deck to sky and breeze. The Company presents the details of this vessel in good faith but does not guarantee or warrant the accuracy of this information, nor the condition of the vessel, and a buyer should instruct his agents or his surveyors to verify details as desired; this vessel is offered subject to prior sale, price change, or withdrawal without notice.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
