## OVERVIEW

---

Built in 2024 and offered in the United States, this 34' contemporary outboard yacht pairs modern lines with the confidence of fiberglass composite construction from hull to deck. Its sleek, current profile conceals an open, social interior arranged to make every outing feel effortless—whether slipping out for a quiet sunrise run or hosting friends at anchor. The generous footprint encourages a natural flow from bow to stern, providing ample room to gather, stretch out, and drink in the horizon.

Propulsion comes from a single Suzuki outboard that delivers quiet, assured performance along with the simplicity, efficiency, and low-maintenance ownership prized by today's boaters. Expect smooth, composed acceleration, forgiving manners when docking, and the reassuring dependability of a proven power partner that makes spirited cruising and close-quarters maneuvering equally pleasurable. At the helm, clear sightlines and intuitive controls inspire confidence underway, while the precise feel at the wheel rewards both seasoned captains and first-time guests.

On deck, marine-grade finishes, resilient non-skid fiberglass decking, and corrosion-resistant fittings reflect a build philosophy focused on longevity and ease of care. Surfaces are designed to rinse down quickly, storage is cleverly integrated to keep the deck uncluttered, and premium upholstery balances comfort with durability—ideal for coastal hops or long, lingering afternoons on the hook. The arrangement of spaces invites conversation and relaxation, with thoughtful detailing that serves both form and function.

Every element has been considered to blend luxury with practicality: clean, easy-to-maintain materials; well-conceived stowage; and ergonomics that make life aboard simple and enjoyable. Equally at home as a chic dayboat or a capable coastal weekender, this 2024 34-footer adapts gracefully to varied plans and personal style, offering the pedigree and polish expected of a

modern build while remaining refreshingly straightforward to own and operate.
