# OVERVIEW

---

The 2022 Scout 355 LXF marries refined luxury with vigorous performance and modern lines in a premium center-console sportfishing yacht. Driven by triple Mercury outboards, this offshore thoroughbred rockets from rest into thrilling acceleration, sustains efficient cruising speeds, and reaches a top end just shy of 55 knots. A 10.9-foot beam yields an airy, thoughtfully arranged deck that accommodates both bluewater angling and sophisticated dayboating in equal measure.

Form and function combine for confident handling: a twin-stepped hull enhances efficiency and extends range, while a Seakeeper gyro, discreetly stowed beneath the aft-facing bench, preserves a composed, comfortable ride. A powder-coated hardtop with a retractable sunshade provides generous protection and style, complemented by a glass-enclosed T-top and solar panels that keep the house batteries topped off. Comfort is elevated with heated helm and forward lounge seating, and the yacht is offered with a brand-new trailer valued at \$50,000 for seamless transport to every destination.

Anglers will find a turnkey offshore platform in the 355 LXF: a 55-gallon transom livewell, in-sole fish boxes, fresh- and raw-water washdowns, and plentiful rod storage turn the layout into a serious fishing machine. Boarding is effortless via a portside door with an integrated ladder for swims, dives, or side-to docking. Forward, a two-person chaise and a hideaway cocktail table create an elegant social enclave. Beneath the console, overnight-ready accommodations include a double berth, refrigerator, removable table, marine head, and sink—ideal for quick getaways or a restful midday retreat. Whether pursuing pelagics, hosting family cruises, or slipping away for the weekend, the 355 LXF stands out among Center Console, Sportfish, Offshore, and Luxury Dayboat offerings.

## Key Features

Triple-outboard engine freshwater flush system

Garmin 8616 MFD upgrade (one unit)

Garmin GMR 424 xHD2 open-array radar (72 nm, 4 kW, 4-ft)

FLIR M364C pan/tilt thermal with color camera, high resolution, gyro-stabilized

SiriusXM stereo with marine weather integration

Forward deck shade canvas

Full storage cover

Custom-painted FLIR housing

Custom-painted radar array

Taco GS-390XL PC cranking outriggers with 20' carbon-fiber poles

GOST Nav-Tracker 1.0 security and monitoring system

## Additional features

---

Included with the sale is a new trailer valued at \$50,000, underscoring the boat's turnkey appeal and readiness to hit the water immediately. Anglers will appreciate the tackle center positioned forward to starboard in the cockpit, a transom integrated livewell and two fish boxes beneath the cockpit sole with macerator pump outs, all complemented by gunwale and rocket type rod holders that keep gear secure and accessible. Comfort and access are elevated by the swim platform with swim ladder and stainless steel rub rails, while a fiberglass hard top with a powered sun roof crowns the helm and affords protection with style. Illumination is superb thanks to two Limited forward facing spreader lights and a Rigid aft facing spreader light, and situational awareness is further enhanced by one forward facing CCTV camera networked through the GPS for real time viewing. Custom painted FLIR and radar integrate cleanly with the profile, security is entrusted to the GOST Nav Tracker 1.0 system, and a forward deck shade canvas deploys in moments for relaxed time at anchor. Serious offshore capability is delivered by outriggers—Taco GS390XL PC Cranking with 20 ft carbon fiber poles—giving you reach and control when chasing the big ones.

## Hull & deck

---

A high performance twin stepped, Deep V hull delivers a fast, dry and confident ride, built on composite construction with carbon epoxy for notable strength to weight advantages that translate to responsive handling and durability. Boarding is effortless via the portside door with a built in ladder, and the self bailing cockpit with scuppers stays clean and secure in all conditions so you can focus on the day's activities. Handling is sharpened by

integrated trim tabs that fine tune attitude and ride, while a retractable aft sunshade expands living space at anchor for comfortable days afloat. Fishing functionality is amplified by a 55 gallon transom livewell and generous transom storage lockers, and anchoring is streamlined by an anchor locker with windlass that keeps ground tackle ready and organized.

## Accommodation

---

Within the console cabin, a comfortable double berth invites overnighting, set in an air conditioned interior with soothing ambient lighting that creates a restful retreat. Practicality meets comfort with a marine head and holding tank, plus a freshwater sink and shower within the cabin, while a refrigerator and removable table transform the space from day lounging to evening dining with effortless grace. Thoughtful, dedicated storage keeps gear organized, heated seats at the helm and in the forward console lounge extend the season by adding warmth on cooler days, and convertible lounge seating with a retractable bow table adapts effortlessly from sunning to socializing so the boat serves every moment afloat.

## Electronics

---

The helm benefits from a Garmin 8616 upgrade for crisp, intuitive control, paired with a GMR 424 XHD2 marine radar (72 mile, 4 kW, 4 ft open array) for long range awareness and confident navigation. A FLIR M364C pan and tilt camera with color night vision and gyro stabilization adds unparalleled clarity after dark, while XM stereo and weather system intelligence keep you informed and entertained wherever you roam. The Fusion marine stereo system with premium speakers and subwoofers delivers rich, deck filling sound, supported by multiple USB charging ports and power outlets distributed throughout the vessel for convenience. An integrated CCTV system

watches over every angle, and solar panels provide gentle trickle charging to keep batteries topped up when the boat is at rest.

## Power & performance

---

Triple Mercury Verado 350HP outboards deliver authoritative thrust with only 85 engine hours on the clock, managed through electronic throttle and shift for silk smooth response and precise control. Efficiency is optimized around a 310 gallon fuel capacity that supports extended runs, yielding a comfortable cruise at 36 mph and a top speed approaching 55 knots when conditions invite, all overseen by a digital engine monitoring system that keeps vital data at your fingertips for safe, informed operation.

## Navigation system

---

Precision navigation is centered on Garmin GPSMAP multi function displays, partnered with an autopilot system to ease long passages and reduce fatigue. Communications are clear via a VHF radio with Digital Selective Calling (DSC), while an integrated depth sounder and fish finder, AIS, and radar overlay capabilities layer critical information right on the chart for decisive situational awareness. Wireless connectivity ties it all together, ensuring seamless updates, chart downloads and remote control functionality when needed.
