OVERVIEW

The 3500 Sovran LE pairs a compelling suite of standard features with exceptional value, delivering a premium express cruiser crafted to enhance every hour aboard. Propulsion is provided by twin Volvo Penta IPS 400/300 HP diesel units complete with intuitive Joystick Control, while onboard systems include a diesel generator with an oil-change system and a comprehensive Raymarine electronics package. A refined Platinum color treatment accentuates the helm console, dash, and bootline, and creature comforts are thoughtfully appointed with helm air conditioning, a wet-bar refrigerator integrated into the helm seat, and a companion-seat table for effortless entertaining. The interior invites relaxation with a solid teak-and-holly cabin sole, efficient climate control throughout, and an LCD TV with DVD player for laid-back evenings. At roughly 35 feet, the Tiara 3500 makes every inch count; following the same IPS architecture used in the 3900 and 4300 Sovran, the compact footprint of the IPS drivetrain frees space otherwise taken by conventional inboards, enabling a more open, practical layout and ample storage. The arrangement centers on a generous lounge/dinette/galley great room, an aft theater lounge that converts to a second stateroom, an aft head with a separate shower, and a forward owner's stateroom positioned behind a privacy curtain. Equally suited to luxe days on the water, spirited sport-cruising and overnight escapes, the 3500 Sovran LE combines advanced IPS drivetrain technology, considered ergonomics, and Tiara's signature craftsmanship and fit-and-finish to deliver a refined, enduring motor yacht that marries comfort with lasting value.
