OVERVIEW

EASY TO VIEW IN FORT LAUDERDALE AT F3 MARINA

Recently returned from a comprehensive factory inspection and service by Chris Craft, fitted with a brand new generator and presented after a fresh, professional detailing, this vessel shows like new. The 2022 Chris Craft Calypso 35 CP Heritage Edition has been stored indoors, never bottom painted, and records just 115 original hours on its triple Mercury 350 Verado outboards. Elegantly appointed and mechanically pristine, she marries classic lines with modern capability.

Equipped with a suite of premium options — gyro stabilizer for smooth passages, joystick docking for effortless handling, full Garmin electronics, air conditioning, upgraded audio, cockpit grill, and more — this 35 Calypso is genuinely turn key and ready to cruise. All serious offers are welcomed.

DETAILED DESCRIPTION

Key features & upgrades

Command the water in a 2022 Calypso 35 CP specified in the CP - 3 Heritage Edition, bringing every touch of classic luxury to life with all the teak detailed above plus a full teak floor. The Pilot House top selection elevates protection and visibility with a hard top, a power actuated walkthrough door, a skylight, integrated LED lighting, speakers, and a motorized sun shade. Triple Mercury Verado power delivers confident performance, with three 4 stroke outboards rated at 350 PSHP each and DTS, complemented by an engine freshwater flush kit for the triple installation, Ivory Cream painted outboards, and Mercury Joystick Piloting for precise control of the triple outboards. Her exterior is impeccably finished in an Ivory Cream base gelcoat, a Portofino Blue Metallic painted hull, and a bold Riviera Red gelcoat stripe. The cockpit upholstery is curated in Almond base vinyl with Oyster inserts, enriched by Navy vinyl accents and matching Navy color contrast stitching. Inside, Walnut interior wood sets a warm, modern tone, while the Navy canvas and Black teak caulk complete the timeless nautical palette. Electrical systems are set for a 110V requirement. Entertainment and hospitality flow from a thoughtfully designed cockpit galley featuring a sink, refrigerator, ample storage, and a grill. Climate comfort is assured with air conditioning and heating at 110V or 220V, providing 6,000 BTU for the cabin/head and 12,000 BTU for the cockpit. Protection at the dock comes via a bow mooring cover with windshield shades and cockpit seat covers in NAVY, a cockpit aft drop curtain color matched to the canvas top, and triple outboard canvas; securing is effortless with six fender clips. Navigation and awareness are professional grade with Garmin 8616xsv two 16" multifunction displays (dual screen) integrating chart plotter, DF, VHF, and full engine data, plus a Garmin radar with the Garmin Fantom 4 open array.

Extended autonomy and smoothness arrive via a generator (7.5KW low CO gas) and a Seakeeper SK 2 DC gyro stabilizer. Boarding is simple and elegant with a beach boarding ladder, with a dive ladder that fits at the bow, while sun management is perfected by the Mediterranean storable sun shade and the painted underside of the hard top or Pilot House. Acoustic ambience is elevated by a premium audio system with upgraded speakers, a subwoofer, and a transom remote, while a remote spot light and Sirius satellite radio enhance safety and entertainment. Practicality meets readiness with a waste macerator with overboard discharge, a Water Ready option tailored for the triple engine configuration, and a windlass with an SS anchor and line, completing a specification that is both beautifully curated and comprehensively equipped.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
