OVERVIEW

Bigger. Wiser. Bolder.

Freeman Boatworks proudly unveils the newest icon in its range. Honoring the spirit of Billy's trailblazing Freeman 33 from 2007 yet engineered for tomorrow, the Freeman 35 arrives with master builders refining every detail. This center console power catamaran is crafted to command the open ocean. With increased payload capacity, intelligent storage solutions, plentiful rod holders, dual live wells, a dive door, and more, this offshore sportfishing yacht delivers tournament-grade performance and luxury unlike any other.

DETAILED DESCRIPTION

Standard equipment

Purpose-built for serious days afloat, the cockpit centers on a rear seat that incorporates a custom-molded fiberglass leaning post, complemented by a helm cushion and a supportive backrest cushion for enduring comfort on long runs and choppy seas. Tackle finds its place with dedicated storage to starboard and to port, while an aft rear seating split cooler (136 qts) provides chilled capacity exactly where it's needed. Ice and catch management are effortless thanks to an 850 Qt over-insulated coffin box and a 400 Qt below-deck fishbox, while bait remains lively in port and starboard in-deck livewells (40 gal each) that are further complemented by dual 70 gallon pressurized transom livewells. Cleandowns are rapid with a raw-water washdown featuring two outlets and dual 25 gallon freshwater washdown, and the deck is armoured for action with eighteen Gemlux Bluewater gunnel rod holders, eight ten-inch stainless Gemlux pull-up cleats, and four stainless cupholders. Confidence underway is amplified by a ZipWake trim tab system and a comprehensive electric suite, and safe embarkation is ensured with an LED navigation light and a boarding ladder.

Optional equipment

Elevate capability and finish with a T-Top frame supported to the leaning post, meticulously finished on both sides with an underside gelcoat matched to the hull color and fitted with mounting pads for accessories, while integrated LED down and spreader lights deliver purposeful illumination. Fishing firepower scales up with ten rod holders, T-Top outrigger bases with T-Top outrigger poles, integrated transom rod holders, and twelve-volt electric reel and downrigger plugs, and comfort for long runs and drifts is enhanced by coaming

bolsters, rear-facing seats, and custom contoured bolster seats. Visibility and protection are refined by a glass windshield with a wiper, and nights are transformed with Lumitec LED spreader lights, LED navigation lights, LED under-gunwale lighting, and underwater lights. Entertainment and command are sharpened with a JL Audio stereo system featuring flush-mounted JL Audio speakers, while a Mercury electric steer sensor and an on-board battery charger provide seamless utility both dockside and offshore.
