DETAILED DESCRIPTION

Key Features & Upgrades

Presenting the 350 Crossover Bowrider, a pinnacle of marine design and opulence. This craft is driven by the powerful Merc Triple Verado 350 JPO OB engines, delivering a seamless and robust journey on the water. For nighttime excursions, the FLIR M300C HD Night Vision system offers unmatched clarity, while the ICOM M330G VHF Radio with a factory-installed dash panel ensures flawless communication.

The yacht's visual allure is heightened by harmonized cowl accents and a bold air dam/front cowl in steel metal. The Flagship Graphic B design, paired with a steel metallic finish, imparts a sleek and contemporary appearance. Comfort is a priority, featuring a versatile sun lounge and black dash panels, enhanced by a gray dash gel. The cockpit is adorned with Corian surfaces in Arrowroot, and the alcove showcases Corian in Anthracite, crafting a sophisticated atmosphere.

Inside, the yacht is embellished with Moondust base vinyl, highlighted by liquid silver and steel piping, exuding a sense of luxury. The mid-seat and headrest are also in Moondust, while the alcove is styled in Merbern Edge Black. The decor is completed with FormulaFlex with a gray base, and the cabin is furnished with a 12x16 X Pil Smoke mattress, Shattered Stone shams, and Sterling draperies. The cabin seating is covered in Ice UL, and the woodgrain floor is made from Tungsten Oak, with open-grain Ravernwood doors adding elegance. Corian surfaces in Gray Onyx further refine the interior's sophisticated look.

For ease and practicality, the yacht features an automatic OB flushing system and a Chartplotter Axiom Pro 9 with US maps. Shorepower is accessible at 120V, and the yacht is fitted with an 8000 BTU reverse cycle A/C system, also at

120V. A 5.0 kW gas generator with low CO emissions ensures power availability, while the Seakeeper 3 Gyro Stabilizer offers stability in choppy waters. The VacuFlush head with tank and pump-out system, along with an electric windlass with chain and anchor, fender clips, and a hardtop with a retractable sunroof, enhance the yacht's extensive features.

Submersible lighting and a CKPY blue LED lighting system create an enchanting ambiance, while the all-weather cockpit and bow cover in black provide protection from the elements. The yacht is equipped with a Sureshare system in silver, and the swim platform boasts a slate teak vinyl deck. A woven cockpit mat in Moondust completes the luxurious and practical design of this remarkable vessel.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
