## OVERVIEW

---

The 2006 Cabo 35 Express presents a refined sportfishing platform that pairs potent performance with understated elegance, measuring 35 feet overall and conceived for both offshore adventure and comfortable cruising. Built on a robust fiberglass hull, she offers the sea-kind stability and longevity required for tournament runs or leisurely weekend gamefishing excursions. Propulsion comes from twin CATERPILLAR L-9 diesel engines, each rated at 550 horsepower for a combined output of 1,100 hp, and with approximately 1,800 hours on the clock these reliable powerplants deliver confident cruise speeds and an excellent cruising range. Inside and out the 35 Express is laid out with purpose and generosity, featuring an open, well-thought-out arrangement that provides plenty of space to relax between bites while leaving the cockpit clear and efficient when the action heats up. Equally at home as an express cruiser or a dedicated sportfisher, this Cabo elevates every outing into a memorable run on the water.
