OVERVIEW

This 2006 Meridian 341 Sedan Bridge has been artfully transformed with a full triple outboard conversion, widely believed to be the first Meridian 341 to receive three Mercury Verado L6 300HP engines. The result is a sedan bridge yacht that preserves the generous, comfortable interior for which the Meridian platform is known while introducing the quiet confidence, strong acceleration and fuel efficiency of modern Verado outboards. Expertly refitted and presented truly turnkey, she is prepared for immediate cruising pleasure. Interior volume and thoughtful layout define the onboard experience, with a commodious salon framed by expansive windows, a fully equipped galley and private staterooms that elevate overnight stays to a boutique hotel standard. The broad, social flybridge and expansive cockpit flow naturally to an easy access swim platform, while inviting forward sun pads and plush bow cushions create multiple lounging zones. Recent upgrades include SeaDek decking and SeaDek flooring throughout, a high end audio system for immersive sound, striking underwater illumination, and climate comfort from chilled air conditioning. Systems are bolstered by a Kohler generator and a bow thruster for confident close quarters handling, and additional storage has been cleverly fashioned from the former engine room footprint, leaving the yacht exceptionally practical as well as refined.

On the water the triple Mercury Verado L6 300HP package delivers lively performance and efficient cruising that sets this vessel apart from its peers, marrying the nimbleness of a sport cruiser with the composure of a luxury motor yacht. Ideal for South Florida coastal passages, island hopping to the Bahamas, sandbar weekends, elevated entertaining and relaxed family cruising, this Meridian 341 is up to date, fully dialed in and ready to cruise. Serious inquiries only. Private viewings available by appointment.
