OVERVIEW

2014 Carver C34 — Fully Reimagined Luxury Motor Yacht offered at \$275,000 presents a meticulously refreshed flybridge cruiser that marries the reliability of a proven hull with the sheen of a nearly new build. The yacht's graceful profile and thoughtful layout remain, but a comprehensive, stem to stern refit has elevated finishes and systems so every outing feels refined and effortless.

Propulsion is supplied by twin rebuilt Mercury 5.7L inboard engines with direct coupled V drives completed in Aug. 2025 and recording only five hours of run time, complemented by a rebuilt generator to ensure comfortable, dependable off grid operation. The fuel system has been overhauled with new pumps, a completely new delivery arrangement and two new sensors, while a bank of mostly maintenance free batteries, enhanced engine room sound insulation to reduce noise, and a new CD monitoring system add confidence, quiet and control underway.

The interior has been entirely reimagined, with brand new leatherette seating in the salon that invites relaxed entertaining and socializing. A handmade, foldable salon table finished with custom brass hinges provides a bespoke focal point, and new carpet runners together with a curated collection of fifteen decorator pillows refine the palette and elevate the onboard ambiance to yacht class standards.

Exterior upgrades read like a list of thoughtful luxuries: a new Bimini top with Strataglass enclosure and a premium fiberglass radar arch (an added Carver option) frame an inviting flybridge perfect for cruising or sunset gatherings, while a brand new windscreen, refreshed cockpit upholstery with tailored covers and unused bridge lounge cushions contribute a just commissioned feel. Practical improvements include new folding cupholders, new windlass foot switches, fresh bottom paint completed Dec. 2025, and new fenders and

dock lines, underlining the thorough, no-compromise nature of the refit. What distinguishes this Carver is not mere maintenance but a deliberate, exhaustive transformation that renders a 2014 hull into a contemporary, polished sport yacht—combining the dependability of a familiar design with modern craftsmanship and attention to detail. Serious inquiries only—this caliber of renewal and finish is uncommon; schedule your private viewing to appreciate the difference in person.

DETAILED DESCRIPTION

Featuring

Offered at \$275,000, this 2014 Carver C34 has been transformed into a sumptuous cruiser where modern refinement meets proven engineering. At the heart of the yacht sit twin rebuilt Mercury 5.7-liter inboard engines with direct-coupled V-drives; the rebuilds were completed in August 2025 and the engines now register just five hours of total runtime. The generator has likewise been rebuilt to ensure dependable aboard power, and the fuel system received a comprehensive overhaul with new fuel pumps, an entirely new fuel delivery system and two new sensors among other precision upgrades. Fresh batteries throughout—mostly maintenance-free—complement newly installed engine-compartment insulation and noise-reduction measures, while a new CD Monitoring system provides an added layer of operational confidence.

The interior is equally reimagined for comfort and style. The salon is appointed with brand-new leatherette seating and a fully remade foldable salon table, handcrafted and fitted with custom brass hinges. Underfoot, all-new carpet runners enhance the warm ambiance, and fifteen new decorator pillows finish the space with layered softness and visual depth.

Exterior enhancements are thorough and thoughtful. A new Bimini top with Strataglass enclosure protects the bridge and is paired with a fiberglass radar arch, an added option that accentuates the vessel's purposeful silhouette. The windscreen is brand-new, the cockpit features new upholstery with matching protective covers, and the bridge lounge cushions remain unused. Practical refinements include new outdoor folding cupholders and new windlass foot switches, and the hull received fresh bottom paint in December 2025 for a crisp, protective finish. Even the fenders and dock lines are new.

This vessel is more than a well-kept example; it represents a complete

stem-to-stern renewal that breathes new life into a trusted 2014 hull. Every system, surface and component has been carefully upgraded or replaced, delivering a yacht that offers the reassurance of a proven design together with the luxuries of thorough modernization. You are not purchasing a twelve-year-old boat—you are acquiring a meticulously refurbished floating palace. Serious inquiries only—opportunities with this level of craftsmanship and attention to detail are rare. Don't miss this pristine offering.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
