OVERVIEW

Propelled by twin 350 hp Mercury Verado outboards, the vessel announces its dynamic character and sport cruiser lineage (powerboat, sport cruiser). Tailored covers sheath the stand-up helm, aft seating and sunpad, while a Raymarine Axiom Pro 12 S GPS/plotter supplies exacting navigation for the open yacht (open yacht). A GRP hardtop with a metallic finish provides shelter and elegant presence (motor yacht), and the suite is completed by a premium electronics package for seamless control alongside an integrated bow thruster for confident, precise docking (day cruiser).

DETAILED DESCRIPTION

Optional equipment fitted

Elevating every journey with purpose and poise, the optional equipment fitted complements an architecture defined by precision: an overall length of 11 m (11.22 m OB) and a hull length of 9.98 m give her a confident stance, a beam of 3.37 m and a three metre width with uninflated tubes allow graceful movement through tight anchorages, while a minimal draught of 0.7 m invites exploration of secluded bays. The tube system is engineered into six compartments with a diameter of 69 cm to maximise safety and stability, and dry weight without motor is 3.5 m, rising to 4.5 m with standard motors, supported by generous tanks that deliver a fuel capacity of 530 L and a water capacity of 130 L. Maximum installable power reaches 596 KW, with a 552KW Stern Drive Version available, and with homologation category B she welcomes 14 persons and offers sleeping accommodation for two, a blend of performance and regulatory assurance that speaks to her versatility. For effortless days at sea the Cruises Pack brings everyday luxuries that matter: a 220 V battery charger to keep systems topped up; a tilt-assisted, disappearing bimini top in ivory that deploys and stows with refined ease; a Fusion stereo with remote control, iPod/iPhone docking and Bluetooth for richly layered sound; and an electric water heater that turns simple rinses into indulgent rituals. Confidence at the helm is amplified by the Electronic Pack, centered on GPS Raymarine Axiom Pro 12 S with a depth finder module for GPS that reads the seabed with acuity, a Ray 60 double station VHF for clear ship-to-shore communication, and an engine data interface on the GPS that places performance intelligence directly before the skipper. Grace is in the details and the Elegance Pack refines every sightline and surface: a carbon fiber dashboard sets a technical tone, while cockpit courtesy lights and stern

underwater lights sculpt the yacht's silhouette after dusk; personalised touches include a custom hull and deck gelcoat colour in ivory, a custom tube colour in ivory and custom wood interior finishing in whitened oak, and a full deck in massive teak with grey caulking underfoot speaks to timeless craftsmanship. Manoeuvring is made effortless by a bow thruster and shade is defined by a metal painted GRP Hard Top; power management is assured by a 1200 Watt inverter with dedicated batteries, and at the helm the Raymarine Axiom XL series 16" GPS upgrade offers commanding clarity. An elevated JL Audio sound system upgrade with six speakers, one subwoofer and two amplifiers fills the deck with immersive audio, while practical refinements include a double inox drawer fridge upgrade 50+50 Lt in the cockpit and a Raymarine night and day camera in the anchor compartment. Protection is thoughtful and complete with a cover set for stand-up, stern seats and sundeck, while a removable ski pole invites sport from first light; for tailored configurations a cockpit version without stern sunpad (outboard version only) is available and the tactile elegance of Silververtex Macadamia upholstery completes the ensemble. CE hull and engine power certification underscores a build that is as rigorously engineered as it is beautifully appointed. Project: Sacs. Design: Christian Grande Design Work.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

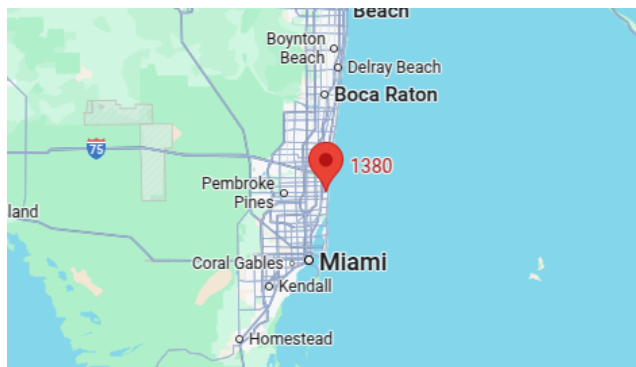

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
