OVERVIEW

The 2024 Front Runner 36 CC will be on display at the upcoming Fort Lauderdale International Boat Show, presented as an exquisite blend of refined style and uncompromising performance. Poised as a standout offering in the yacht market in its current location, this vessel pairs graceful lines with purpose-built features, driven by triple Mercury 400 V10 engines that deliver exhilarating power and paired with the Mercury Vessel View touch-screen gauge system for intuitive engine monitoring.

Every helm and deck system has been thoughtfully appointed: twin SIMRAD 16-inch EVO displays flank the console alongside dual ICOM VHF radios, a SIMRAD Open Array radar and a SIMRAD autopilot system for confident navigation. The cockpit is outfitted for serious fishing and comfort alike, with a pull-out Frigid Rigid cooler seat positioned aft, five highly insulated fish boxes, a coffin box forward of the console with insulated dry storage, and dual large transom livewells. Above, a custom hardtop with an integrated rocket launcher completes the profile, marrying functional angling hardware with elegant yacht design. Visit the show to experience this exceptional yacht for sale and witness firsthand the seamless union of luxury and capability.
