## OVERVIEW

---

"DREAM CHASER" received an extensive 2024 refit as a luxury express cruiser, with new engines, drives, generator and Seakeeper installation, complemented by a fresh hull paint finish. On deck the motor-yacht's entertaining and lounging areas are appointed with teak underfoot, while full-length settees on both port and starboard elegantly frame the cockpit. A well-equipped wet bar offers a mini refrigerator, icemaker and countertop, and the helm is fitted with companion double-wide seating for two. Below decks the interior comfortably sleeps four: the forward dinette converts to a double berth and a mid-cabin provides an additional double berth. The galley is finished in custom cherry-veneer cabinetry and houses a full appliance suite, and the head features a separate shower compartment alongside a vacuum toilet.

## Recent upgrades

---

A meticulous program of enhancements reinforces this yacht's pedigree: in 2023 she received brand-new engines and drives engineered to work with Volvo Dynamic Positioning System/Skyhook technology and joystick docking for effortless, pinpoint handling; that same year a Seakeeper gyro stabilizer was fitted to elevate comfort underway and a 7.5 kW Westerbeke generator was commissioned to provide dependable onboard power. Navigation and entertainment have been modernized with a new Garmin navigation suite and a full Fusion stereo and speaker system, while exterior protection and aesthetics were upgraded with a full cover added in 2024 and striking new paint applied in 2025; the hull has also benefited from recent bottom paint and the engine room has been re-painted. Operational reliability is further strengthened by new trim tabs and fresh batteries.

## Disclaimer
