## OVERVIEW

---

A 2020 370z presented with exceptionally low hours, fastidiously maintained and never converted for hard fishing duty—an offshore center console that balances refined comfort with uncompromising sportfish capability. It marries tournament-ready performance and bluewater confidence with the sleek polish of a luxury dayboat, carrying the pedigree of a premium center-console yacht.

Measuring 37 ft LOA with a 10 ft 6 in beam, the hull carries a dry weight of 9,300 lb (without outboards) and draws 22 in; the transom deadrise is 22.5°. Tankage supports extended passages with 452 gal of fuel, 50 gal of fresh water and a 14 gal holding tank, while the design allows up to 3 engines and a maximum combined output of 1,350 hp.

Handling the catch and cruising needs with equal grace, the forward fish box provides 150 gal and an additional forward fish box / livewell of 60 gal, flanked by two forward wing boxes of 2 × 95 gal. The aft in-deck fish box / livewell holds 140 gal, complemented by transom livewells of 2 × 40 gal and two aft wing boxes of 2 × 13 gal. Power is provided by Triple Mercury 450R Verado outboards.

# DETAILED DESCRIPTION

---

## 2020 SeaVee 370Z

---

Purpose built to dominate every run offshore, this 2020 SeaVee 370Z is optioned to the hilt and finished with a coherent, custom palette that announces performance at first sight. Thrust comes from triple Mercury Verado 450R outboards custom painted Whisper Gray, matched to a hull with Haze Gray from side to chine and Whisper Gray on the bottom, while the hard top underside is finished in Haze Gray. The helm is a statement of intent with a carbon fiber wrap dash, an electronic cover lower plexi in black, a bow thruster, a 413" Edson wheel with black knob and a push button switch panel, and Mercury Vessel Link keeping the engines talking seamlessly to the network. Protection and finish details are comprehensively specified, from coaming bolsters and a three panel polycarbonate glass enclosure to a Bahama shade for the aft cockpit on carbon fiber poles, outboard engine covers, a full boat cover, and a Taco Gray rub rail, with antennas custom painted Whisper Gray for a fully coordinated look. Onboard amenities are thorough and practical: a fresh water wash down system with hose nozzle and a console sink with shower plus an additional fresh water pull out shower head, a dedicated salt water wash down for the chase, and an electric head plumbed with a holding tank and macerator pump out that also features a Y valve for direct toilet overboard discharge; a second Y valve manages the dual fishbox application. Storage and service access reflect thoughtful outfitting with console organizers port and starboard and upgraded Racor fuel/water separation filters. Access and anchoring are effortless thanks to the custom SeaVee dive door with integrated dive ladder, a three grip handle in white powder coat, a hull side door with fold out ladder and pull out dive ladder, pneumatic console door actuation, and a windlass anchor system

complete with three hundred foot rope and chain and switches at both the helm and in the anchor compartment. The powder coated standard size T Top in Whisper Gray frames a cockpit lit to perfection by dual molded in aft facing LED flood lights, a Rigid Marine thirty inch light bar, under gunnel multicolor RGWB LED lighting, and four SeaBlaze underwater lights in RGWB. Seating is elevated for all day comfort and utility with an oversized Captains Edition helm seat/prep station, a triple seat tackle center with upgraded high headrest, a deluxe rear facing mezzanine seat with cooler and storage, modular removable stern seating in three pieces, molded forward seating with electric reclining backrest and pull out storage bins. Fish ready hardware includes a backup one thousand six hundred GPH baitwell pump with brass base, additional rod and cup holders at zero degrees, fifteen degrees and thirty degrees gunnel mountings, and two electric reel thirty amp outlets with covers and breakers. Power management is robust with an extra AGM battery with a two year warranty, a triple engine battery charger with galvanic isolator, a thirty amp inlet and a triple bank system with Echo Charge. The electronics suite inspires confidence offshore: two Garmin 8616 GPS sixteen inch units paired with a Garmin 424 X HD2 open array radar, Garmin Autopilot GHP, and a Garmin B265LH one kilowatt CHIRP transducer; communications are handled by an Icom VHF M400BB with Poly Planar external speakers, and situational awareness at night is extended by a FLIR M324S Single Payload M Series thermal imaging camera. The audio system delivers concert clarity with Sport Grill specified speakers including three JL Audio M6 7.7" coaxial speakers (pair), three JL Audio M6 8.8" coaxial speakers (pair), one JL Audio M6 10" subwoofer (pair), a molded hardtop speaker pod for the M6 8.8" pair, a JL Audio 1x600 watt mono amp (M600/1) and a JL Audio 8x100 watt amp (M800/8), all driven by a Fusion MS RA770 Apollo marine stereo, while daily convenience features like a dual USB charger socket and a port side drawer with insert complete the package for serious offshore days.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
