OVERVIEW

For sale: a 2023 Tidewater 380 CC—an arresting 37'8" center console that marries graceful lines with muscular capability and true bluewater credentials. Propelled by triple Mercury 400XL outboards, T/T BAD ROMANCE V responds with effortless acceleration, tracks with authority and delivers a notably smooth, dry ride alongside confident offshore handling. Meticulously maintained and presenting like new, she has recorded just 700 engine hours, a clear indicator of careful ownership and conscientious use, making this a turnkey vessel whose robust construction and premium materials are evident at every turn.

Designed to serve both serious sportfishing and refined dayboating, the 380 CC invites extended passages without compromising on comfort or style. The helm is sensibly laid out and well-shielded, offering superb sightlines, while the deck plan is arranged for maximum versatility—equally adept at pursuing pelagics or entertaining family and guests on an elegant coastal cruise. Tidewater's attention to detail is apparent in the refined fit and finish throughout, striking a deliberate balance between rugged capability and an upscale aesthetic that sets a luxurious tone from bow to stern.

Launched in 2023 and maintained to exacting standards, this 380 CC exemplifies why the model is so prized: exceptional ride quality, notable stability at rest and underway, and a level of finish that elevates every outing. With triple Mercury power, 700 hours, and a like-new presentation, it's a rare chance to own a modern, high-spec center console—ideally suited as a primary fishing yacht, luxury center console, superyacht tender, and perfectly fitting the center console, sportfish, offshore, outboard, powerboat, and dayboat categories.
