OVERVIEW

NEW TO MARKET!! This 2021 Axopar 37 Sun Top — BRABUS Edition presents exceptional value among 37' Sun Tops, marrying purposeful performance with refined styling. Since its 2016 debut the 37 Sun Top has set a standard for nimble speed, arresting lines, and adaptable comfort, and this example carries that legacy with tasteful BRABUS interior and exterior enhancements and the striking BRABUS Line Miami Blue hull. The extended hardtop and a protective glass windshield shelter the helm, while a wide, power retractable sliding canvas sunroof pours daylight into the cockpit when desired. A broad foredeck with a generous sun pad invites relaxed gatherings and the oversized bow locker swallows anchor, fenders, lines, and gear with ease. Flush, level decks and true walkaround side decks make movement aboard safe and effortless for everyone.

Thoughtful upgrades and recent maintenance enhance confidence in this boat: Dockmate wireless docking joystick, a professional exterior and interior detail completed 11/2025, fresh bottom paint applied 11/2025, new batteries installed in 2025, and twin Mercury 350 Verado outboards with only ~500 hours that have been recently serviced. The layout is equally practical and elegant — a versatile aft cockpit that adapts to entertaining or watersports, flip up aft seating, an aft wet bar with storage console, and extensive storage throughout. Mechanical and onboard conveniences include a bow thruster for precise maneuvering, an electric marine toilet, a tow bar for watersports, and dual 12" Simrad displays behind the helm's protective glass windshield.

An ideal vessel for day cruising, weekend escapes, watersport fun, or as a luxurious chase/utility tender, this 37 Sun Top delivers performance, comfort, and everyday usability in polished, seaworthy form.
