OVERVIEW

Seeking her next discerning owner, this exquisitely appointed Sea Ray 350 SLX Outboard—factory upgraded—distinguishes itself within the realm of premier day boats and luxury bowriders. Meticulously cared for, she has remained out of the water and sheltered from day one, freshwater-flushed after every voyage, and maintained on a consistent wash regimen.

Based in North Miami and readily viewable by appointment, she represents a rare opportunity in the upscale sport boat and performance-cruiser segment. Offered through MarineMax Miami by Manny Medina, this standout model delivers an ideal fusion of power, comfort, and innovation. Twin 400 HP Mercury Verado outboards, boasting only 250 hours and fully serviced, provide exhilarating performance and confident handling.

Anticipate a notably dry, refined ride and a host of thoughtful conveniences. Highlights include dual deck showers, a refrigerator, a grill with shore power or inverter, a climate-controlled cabin with air conditioning, a vacuum head, and more. An electric aft sunshade, full cockpit and bow canvas covers, and a handsome solid teak cockpit table elevate the experience. The helm hosts dual multifunction displays with fish finder, radar, VHF with remote, an upgraded premium audio system, and a joystick with Skyhook-style dynamic positioning and autopilot for effortless docking and precise station-keeping.

Always stored indoors, she remains in exceptional condition. Truly a must-see, as the seller upgrades to a larger yacht.

DETAILED DESCRIPTION

Additional specifications

The specification sheet presents a vessel described with unusual metrics: seating capacity, freeboard, and electrical circuit voltage are all noted as zero, while an electric windlass and liferaft capacity are likewise listed at zero. The transom’s deadrise is also indicated as zero degrees. In contrast, the craft is identified by its dry load displacement and is registered for tax in the United States.
