# DETAILED DESCRIPTION

---

## Introduction

---

The 38 San Juan is a fun, sporty express equally at home with carefree day trippers and overnight adventurers, its fiberglass hull reinforced with Kevlar making her notably lightweight for her size while inspiring confidence with composed, reliable handling in rough seas. A semi-enclosed pilothouse cocoons you from the elements and opens a sweeping 360-degree view across the water from a beautifully crafted teak helm station, and guests can unwind on a convertible dinette or stretch out on sun pads that extend to the aft deck, while below the accommodations are thoughtfully arranged with a forward V-berth, a midship queen berth, and a head with shower that makes weekend getaways effortless.

## Mechanical

---

Mechanical systems are specified for effortless operation and long-haul reliability, beginning with ZF Microcommander model 91100 engine controls matched to Twin Disc MG-5061A transmissions and 1.75 stainless steel shafts sealed by PSS dripless shaft seals, while power management is supported by a Northern Lights 6 Kw generator and hydraulic steering keeps helm effort light and precise. Climate comfort comes from an Ocean Breeze 16,000 BTU air conditioner complemented by a Webasto cockpit air conditioner, the freshwater system includes an 80 gallon capacity tank and hot water is delivered by a Force 10 6 gallon heater, and onboard service systems feature a Flojet shower sump system and an air conditioner sump drain system plus two Stor-Dry dehumidifiers — one under the cockpit sole and one in the forward cabin area — to keep spaces fresh and dry. Maintenance is simplified by a Reverso oil change system with a switching manifold serving the engines,

transmissions, and generator.

## Electronics

---

The helm is outfitted with a Standard Horizon Intrepid VHF radio and a Garmin GPSMAP with a 12" multi-function display integrating chart plotter, sounder, and radar, paired with an AirMar transducer, while situational awareness is further enhanced by a Garmin model GMR18HD radome radar scanner and a Lowrance model RC42N digital rate compass, and a Simrad model AP22 autopilot system keeps passages smooth and precise. Entertainment is handled by a JL Audio Media Master 105, an Element flat-screen TV in the port cabin, a 24" Insignia flat-screen TV in the aft cockpit behind the helm, and a Glomex over-the-air TV antenna that delivers crisp reception underway or at anchor.

## Safety equipment

---

On the safety front, a Lewmar 44 lb stainless anchor sets securely while three automatic bilge pumps and five portable fire extinguishers stand ready alongside a Kiddee Mariner Fyre Watch automatic fixed-space clean agent fire extinguisher, and core essentials include life jackets and a Ritchie compass with twin trumpet Kahlenberg air horns for unmistakable signaling. GFI AC outlets and combination CO/smoke detectors add smart protection, and an ACR RCL 100 remote controlled spotlight delivers powerful illumination exactly where it's needed.

## Appliances

---

Everyday comfort is thoughtfully addressed with a new Dometic model CRX 1110 refrigerator-freezer and a Norcold cockpit refrigerator for easy access to

refreshments underway, entertaining is effortless with an Icerette ice maker in the cabin, and a Princess two-burner Ceran cooktop stove offers quick, clean meal preparation.

## Deck

---

Purposeful deck hardware and finishes inspire confidence, from non-skid weather decks underfoot to a Muir stainless steel vertical-capstan anchor windlass complete with chain and rode, while fine-tuning trim is effortless with a Bennett trim tab system and the sunroof operates via a Bennett hydraulic pump. Shore connectivity is simple with a 50 amp shore power cord and large mooring fenders add protection at the dock, and at the swim platform a Scandvic pull-out cockpit shower is ready after a dip, a solar vent breathes through the escape hatch, and a Side Power bow thruster makes close-quarters maneuvering graceful.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
