OVERVIEW

A rare opportunity to claim an immaculate, captain-maintained 2019 Boston Whaler Realm — a luxury center-console/express cruiser designed as an offshore dayboat — offered at roughly half the price of new; vessels this pristine and well-cared-for are seldom available.

DETAILED DESCRIPTION

Electronics

At the helm, three Raymarine Axiom 16" touchscreen displays seamlessly integrate sonar, charts and radar to deliver complete situational awareness, while a Simrad 7" NSS touchscreen plotter provides redundancy and flexible navigation options; the electronics suite is anchored by a Raymarine RV 3D depthsounder paired with a matching Raymarine RV 3D transducer for crisp, dimensional bottom imaging, and a Raymarine Dome Radar (Raymarine Quantum II) cuts through weather with confident range. Autopilot duties are handled by Raymarine for steady hands-off passages, and clear, reliable communications come via a Raymarine Ray Mic 60/70 VHF. Entertainment flows through JL Audio cockpit speakers and a Fusion MS-NRX300 stereo head, with a 24" Jensen TV standing ready for downtime, while practical touches such as a bright LED spot light and precise trimtab controls ensure fingertip command in all conditions.

Inside Equipment

Below decks, daily life is effortless with an electric bilge pump keeping the bilge dry and a Mauve microwave oven standing by for quick meals, while climate is controlled by efficient air conditioning and an electric head brings quiet convenience afloat. Hot water is supplied by a Kuma six gallon unit and an Isotherm refrigerator keeps provisions fresh, supported by a dependable sea water pump for onboard systems, and charging is handled by two Pro Nautic battery chargers to keep the ship's power robust and ready.

Mechanical/electrical

Performance and autonomy are assured by four 350 hp Mercury Verado AMS outboards showing approximately 423 hours, with all service up to date, delivering smooth, confident thrust across the range; a VTE Paguro 5000 4 kW generator provides quiet, efficient ship's power, supported by four Group 31 batteries and two Group 27 batteries, with two Pro Nautic battery chargers maintaining optimal charge. A comprehensive cathodic protection system preserves underwater metals, while a Shurflow raw water wash down pump simplifies deck cleanups. Systems management is further strengthened by two Whale discharge pumps and two AC electromagnetic raw water pumps, a standalone refrigeration compressor for reliable cooling, and a Kuma six gallon electric water heater for domestic comfort, and safety is rounded out by a fire system certified May 2023.

Bow

Forward, an anchor locker houses a Quick Aleph vertical electric windlass mated to a stainless Lewmar anchor, complete with dedicated washdown and a stainless steel bow roller for confident handling, while wrap-around bow seating creates a convivial foredeck outfitted with JL Audio speakers, cup holders, storage cubbies and USB outlets. Three forward-facing lounge seats invite unhurried passages, a large port gunwale storage compartment swallows gear, and a Fusion stereo control head sits within easy reach with additional storage beneath the seating; powder-coated handrails frame the area, and a hinged forward window with a passage door can section off the bow for comfort underway, with freshwater washdown and stainless steel pop-up cleats finishing a foredeck ready for both work and leisure.

Helm deck

The helm deck balances command and comfort with two rows of bench style seating: the forward bench features a flip down bolster and a teak standing platform, the rear bench adjusts to face aft and also gains a teak standing platform, and a single portside seat mirrors the flip down bolster and teak platform, while a door to port of the helm provides below deck access. JL Audio speakers with subwoofers set the tone, engine breaker panels and generous portside storage keep operations tidy, and wrap around glass with additional isinglass protects against the elements while an electrically actuated window vent brings controlled airflow. Overhead, two opening skylights brighten the hardtop, an electrically operated aft sunshade integrates seamlessly, and both two LED spreader lights and ambient LED lighting illuminate the scene, with air conditioning and heat vents delivering climate control precisely where it's needed.

Cockpit

A full exterior galley to port serves alfresco living with a Kenyon electric grill, an Isotherm refrigerator, a freshwater sink and organized storage below, complemented by a dedicated freezer/refrigerator beneath the aft seating, while anglers will appreciate two in deck fish boxes, one with built in refrigeration. The port side boarding door with a foldout dive ladder and handle, plus a secondary dive ladder stowed in the aft bench, make water access effortless, and a fold down aft bench seat converts the space in seconds. Four rocket launcher rod holders keep tackle at the ready, and a stern access door, fresh and raw water washdowns, JL Audio speakers, powder coated ladders to the hardtop and stainless steel pop up cleats finish a cockpit designed to entertain, fish and explore.

Interior accommodations

Descend teak steps into a spacious berthing area finished in satin oak joinery with abundant cabinetry and storage over a handsome teak sole, where a freshwater sink set into Corian countertops serves the wrap-around seating and teak table; lower the teak table flush to create a generous berth with storage below and an Isotherm refrigerator close at hand. LED lighting, easy access to breaker panels, a Mauve microwave and a 24" Jensen TV enhance effortless living, with intuitive heat and AC controls and natural light from port lights while JL Audio speakers set the mood. The head features an electric freshwater toilet with teak and oak appointments, a shower, a freshwater sink with a Corian countertop and a full-length mirror on the door—an elegant, self-contained retreat at sea.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.

For more information and to view available yachts, you can visit the company's official website: <https://shestakovyachtsales.com>
