## OVERVIEW

---

Experience the seamless marriage of luxury and performance aboard the 2008 38' REGAL, an express cruiser sculpted with graceful profiles, sumptuous materials, and sophisticated systems that elevate every voyage. Beneath the elegant exterior the Regal 3760 Sport Yacht offers an airy, beautifully finished salon, a fully equipped galley, and a generous social cockpit that together create an effortless flow between living and entertaining spaces. Propelled by twin Volvo Penta engines, she delivers assured acceleration, precise handling, and notable fuel efficiency. Whether destined for a spontaneous escape or to make a striking entrance at the marina, this motor yacht and performance powerboat answers the call of buyers who insist on exemplary design and impeccable function.

# DETAILED DESCRIPTION

---

## Vessel description

---

Introducing the ultimate fusion of luxury and performance: the 2008 38' Regal, the celebrated Regal 3760 Sport Yacht. Meticulously sculpted lines, premium materials, and state of the art onboard technology come together to deliver an effortlessly refined yachting experience, where a spacious, elegantly appointed cabin flows into a well equipped galley and a generous entertainment deck that blends comfort and sophistication in equal measure. Powered by twin Volvo Penta engines, she serves up thrilling acceleration with a smooth, efficient ride, making her equally suited for a leisurely weekend escape or as a confident statement of prestige for those who demand the finest in design, craftsmanship, and functionality.

## Electronics

---

The helm is anchored by a clear, intuitive Garmin display that delivers confident navigation at a glance, while immersive audio fills the decks through Kenwood speakers complemented by powerful tower speakers for full auditory presence. Shipwide systems are supported by a Kohler generator for reliable, independent power both at anchor and underway, and for effortless access a hydraulic hatch lift raises the appropriate deck section at the touch of a switch, streamlining checks and routine service for a vessel maintained to exacting standards.

## Accommodations

---

Life on deck unfolds around a convivial round seating area in the cockpit, perfectly placed opposite a wet bar to facilitate effortless hosting, while a

broad sun pad invites unhurried lounging between swims and practical sea deck flooring provides secure footing under bare feet. A cockpit refrigerator keeps refreshments chilled and a dedicated fresh water hose makes rinsing off simple and refreshing, creating an exterior environment designed for relaxed entertaining and day to day convenience.

## Cabin

---

Below, multiple lounging areas create a gracious retreat anchored by an LG TV and a dedicated dining table for unhurried meals, while the galley features a microwave, sink, and refrigerator set beneath marble countertops. Ambient lighting and a precise thermostat tailor the mood and climate to your moment, and a thoughtfully arranged layout provides one head and one stateroom with the warmth of hardwood flooring—without any carpet—elevating both style and easy maintenance.

## Machinery space

---

Access to the machinery space is effortless via a watertight, centerline, powered cockpit deck hatch from the swim platform, or through the watertight centerline hatch within the cockpit, and inside the compartment the main engines, generator, fuel tanks, freshwater tank, batteries with charger, and the majority of pumps and seacocks are neatly housed and logically arranged for straightforward inspection and service.

## Helm deck

---

The helm deck is remarkably spacious, with supportive seating that keeps every control within easy reach and the helm positioned forward to starboard where engine controls, gauges, and electronics are perfectly aligned for

confident command. Steps inboard of the helm rise to the foredeck, a bench style helm seat is complemented by wraparound seating to port with a central table for relaxed conversation, and just aft of the helm a wet bar houses a sink and a refrigerator with an icemaker, while access to the salon lies forward to port through a smooth gliding sliding hatch.

## Cockpit & swim platform

---

The cockpit offers ample room for easy line handling and social flow, anchored by a generous aft sun lounger with an adjustable backrest that invites relaxation, while outboard to starboard a transom gate and step lead directly to the swim platform for seamless water access. Steps to port and starboard provide quick egress to the side decks, and a forward centerline deck hatch together with a powered hatch that lifts the aft seating grant convenient entry to the machinery space from the swim platform.

## Side-decks, foredeck & hardtop

---

Generous side decks make movement fore and aft both secure and natural, and ahead of the windshields a large sunpad crowns the foredeck, paired with two escape hatches outboard from the interior and one forward from the master stateroom. The anchor windlass is securely mounted forward on the centerline with adjacent deck hatches for direct access to the chain locker, forming a practical and well executed foredeck arrangement.

## Interior

---

Inside, an open salon and galley are complemented by one guest cabin, an aft seating area, and one wet head, balancing social space with privacy, while cabinetry and joinery are solidly installed, wood finishes are in fine condition,

carpets are clean and neatly fitted, and headliners remain taut with no signs of sagging or deterioration.

## Salon & galley

---

Entered from the helm deck, the salon presents the classic arrangement with the galley to port, a sofa to starboard with a table before it, and a TV mounted aft; the sofa converts to a comfortable berth when needed, while forward to port lies the wet head. Discreet deck hatches provide access to the bilge spaces below, where the grey water sump, the A/C raw water pump and inlet, and forward storage are neatly organized for service and inspection.

## Master stateroom

---

All the way forward off the companionway, the master stateroom offers a double berth to port, carpeted flooring underfoot, and generous storage in lockers and drawers, with a TV mounted aft above the berth to keep entertainment close at hand without intruding on the room's calm simplicity.

## Aft seating area

---

Aft to starboard from the companionway, a large wraparound sofa creates a welcoming lounge that readily converts into an additional berth, with a TV mounted above the sofa to port and an adjacent outboard locker housing the water heater; access to the wastewater tank is thoughtfully provided via bilge hatches beneath the sofa.

## Disclaimer

---

The company offers the details of this vessel in good faith but cannot guarantee or warrant their accuracy, nor the condition of the vessel, and

buyers should instruct their agents or surveyors to investigate any particulars they wish to validate; this vessel is offered subject to prior sale, price change, or withdrawal without notice.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
