OVERVIEW

Experience the Luxurious 2018 Scout 380 LXF Center Console

Welcome aboard the magnificent 2018 Scout 380 LXF Center Console, a pinnacle of contemporary marine design that seamlessly combines elegance, performance, and adaptability. This extraordinary yacht, currently situated in the United States, is a true standout in the yacht market, offering an unmatched experience for those seeking a vessel that truly distinguishes itself.

Measuring an impressive 38 feet in length with a 12-foot beam, the Scout 380 LXF features a sleek and sophisticated silhouette that is sure to capture attention as you navigate the waters. Its planing hull, constructed from premium fiberglass and plastic, guarantees a smooth and exhilarating journey, whether cruising comfortably at 35 knots or reaching an exhilarating 55 knots. The twin Mercury outboard engines deliver outstanding power and dependability, ensuring every voyage is an unforgettable adventure.

The yacht's expansive deck is crafted for both leisure and entertainment, offering generous seating and sunbathing spaces that invite you to bask in the sun or enjoy a sunset drink with loved ones. The intelligently designed layout includes a well-equipped helm, allowing the captain to steer effortlessly while taking in the breathtaking surroundings.

Inside, the Scout 380 LXF provides a lavish sanctuary with a single head and a refined interior that exemplifies the highest level of craftsmanship. With a water capacity of 51 gallons and a fuel capacity of 404 gallons, you can explore far and wide without concern, making it ideal for day trips or longer journeys.

Whether you're a passionate fisherman, a water sports lover, or simply in search of a luxurious retreat on the water, this yacht is ready to fulfill all your desires. The 2018 Scout 380 LXF Center Console is more than just a boat; it's a lifestyle choice that promises unforgettable experiences on the open sea.

Seize the opportunity to own this remarkable yacht, a true highlight in the current boat location. Discover the potential of yacht ownership in the area and make this stunning 2018 Scout 380 LXF yours. Embrace the freedom of the sea and enhance your boating adventures today!

DETAILED DESCRIPTION

Section name

The 2018 Scout 380 LXF is an extraordinary yacht that distinguishes itself in the market with its superb condition and outstanding features. Having clocked only 400 hours, this vessel is fully equipped and has been maintained with meticulous care, making it a rare gem for discerning buyers. The current owner is open to a partial trade for a 47'/48' Riviera, Maritimo, or a similar yacht-fish, presenting a unique opportunity for those looking to enhance or diversify their collection.

This Scout 380 LXF is undeniably one of the most pristine and well-maintained models available, with below-average usage hours and an impressive 9/10 condition rating. The boat has been stored on a lift, preserving its immaculate state, and is equipped with custom covers for every part, including the bolsters, to shield it from the elements.

As a vessel with only two owners, this flawless Scout has been maintained with the highest level of care, showcasing the pride and commitment of its previous owners. Whether you are an experienced yachtsman or new to the luxury boating scene, this Scout 380 LXF provides an unmatched experience on the water, seamlessly blending style, performance, and dependability into one exceptional offering.

Manufacturer provided description

The 380 is a true marvel of innovation, where state-of-the-art technology, exceptional performance, and luxurious design converge in perfect balance. Crafted with meticulous attention to detail, this model is packed with standard features and also includes award-winning options that are bound to impress.

Notable among these are the patented electronically-actuated articulating rocket launchers and the patent-pending electronically-actuated convertible hideaway entertainment station/mezzanine seat, both of which are revolutionary additions to a coastal fishing boat. These advancements distinguish the 380 from anything else in its class, offering a unique fusion of functionality and elegance.

The Scout 380 is also equipped with an epoxy-infused, double-stepped hull that maximizes fuel efficiency and enhances performance on the water. Furthermore, the optional hydraulic port side beach platform with synthetic teak adds to the model's unique attributes, offering both practicality and sophistication. This yacht exemplifies Scout's dedication to advancing design and engineering, making it an exceptional choice for those in search of a vessel that seamlessly blends innovation with luxury.

Vessel walkthrough and details

This pristine yacht appears as if it just left the showroom, fully outfitted and enhanced for every conceivable leisure activity, from cruising and fishing to diving, entertaining, and overnight stays. Notable upgrades include a Seakeeper stabilizer, an on-deck summer kitchen, a 4-foot side boarding/dive platform, articulating rod holders, and an electric sunshade. The vessel boasts an epoxy-infused, double-stepped efficiency hull, infused stringer and deck, and a recessed powder-coated coaming rail. Trim tabs with LED indicator switches, a Seachest water manifold thru-hull system, and a self-bailing deck further enhance its capabilities.

The main salon of this 38-foot center console is exceptionally spacious, providing full standing headroom and nearly twice the living space of others in its class. The interior galley is compact yet well-equipped, complementing the topside summer kitchen. The fully enclosed head is generously sized, and the U-shaped seating can function as a sofa with or without a table, converting into

a full-size bed. The cabin also features a large flat-screen television and a hanging storage locker. Additional amenities include a 12,000 BTU air conditioner, an enclosed shower and head area with a toilet, sink, and mirror with a vanity cabinet, and port and starboard windows with privacy shades. The cabin offers vertical rod storage with a convertible lounge seat, stainless accents throughout, LED accent lighting, a waste holding tank with overboard discharge, and AC outlets in the head and berth.

The interior galley is fully equipped with a sink, stove, refrigerator, and microwave oven, while the exterior summer kitchen includes an outdoor grilling station, an additional sink, refrigerator, and ice maker. This split design ensures ease of use and comfort throughout the vessel. The deck of the 380 Scout is immaculate, with no stress cracks or signs of wear. The forward dining table lowers to become a deck sole for unobstructed movement, and the new bow shade covers the forward lounge and dining areas. All upholstery is in excellent condition, preserved with newer custom covers. The Scout 380 provides ample storage for lines, fenders, covers, and recreational equipment, with multiple rod storage areas and plenty of rod holders throughout. The articulating rocket launcher is a unique feature that aids in setting the rods and accommodates the deployment of the aft sunshade. Custom covers protect the aft swim platform and bolsters, while additional features include the summer kitchen and retractable rear-facing seating. Forward and aft freshwater washdowns ensure the decks remain clean during all on-water activities.

The yacht features full 360-degree bolster cushions, a single-level deck, LED-lighted storage boxes and hatches, and gas shock-assisted hatches. It includes pull-up flush mount cleats, stainless steel flush mount gunnel rod holders, forward bench port and starboard gear storage boxes, forward sun lounge dry box storage, and large mid-ship port and starboard deck storage boxes. The powder-coated patented hardtop features a sliding sunroof hatch for access, and the helm area is equipped with three captain's seats. The

mid-ship mechanical room, port side inward boarding door, large aft finished bilge area, and port and starboard floor fish boxes with overboard diaphragm discharge add to the vessel's functionality. The transom area includes a transom access door, a full transom walk-thru platform with an Armstrong dive ladder, and transom flush mount rod holders.

The expansive helm is tidy and organized, offering an unobstructed view with three large Garmin displays creating a sleek glass dash appearance. Joystick control allows for easy maneuvering and docking, while two air conditioning vents provide added comfort to the vessel operator and passengers.

Accessories controls are conveniently located on the overhead panel, and the onboard FLIR is a valuable navigation tool for thermal imaging and night vision.

Electrically, this center console is equipped with a Seakeeper 5, an 8kw genset, and a new AGM battery bank. The organization, layout, and attention to detail of the electrical systems reflect years of skilled boatbuilding experience. The vessel features a Fusion head unit with Bluetooth capability, a forward deck stereo remote control, Fusion speakers, amplifiers, and a subwoofer, an AM/FM hardtop mounted antenna, and various power outlets. The lighting system includes forward and aft LED spreader lights in the hardtop.

The engine details reveal triple Mercury 350s with only 420 hours, with all service and maintenance up to date, ensuring the vessel is ready for its next adventure.

Broker's comments
