OVERVIEW

Currently en route to Florida, this refined 2005 Tiara 3800 Open is propelled by twin Caterpillar 3126 diesel engines rated at 450 HP apiece. Immaculately maintained, she benefitted from a comprehensive electronics refresh in 2023 and features a spacious, fishing-ready cockpit, Tiara's renowned construction quality, and a dependable Onan 9 kVA generator. Equally suited to offshore sportfishing adventures or relaxed family cruising, she is offered turnkey and ready for her next captain to take the helm.

DETAILED DESCRIPTION

Description

Currently making her way to Florida, this elegant 2005 Tiara 3800 Open unites Tiara's hallmark craftsmanship with potent twin Caterpillar 3126 diesel engines, each producing 450 HP, and is supported by an Onan 9kVA generator. Carefully maintained and thoughtfully upgraded with refreshed electronics in 2023, she presents a generous cockpit designed to serve both offshore fishing excursions and relaxed family cruising with effortless grace. Confident, capable and offered turn-key, this yacht awaits her next owner.

Other details

Electronic systems were comprehensively modernized in 2023, enhancing both navigation capabilities and onboard systems. A fixed hardtop protects a capacious cockpit that has been arranged for leisurely entertaining, while air conditioning ensures every passage remains comfortable. The galley is fully outfitted for cruising needs and the warm teak interior finish reinforces the yacht's elegant character. Taking the helm is intuitive from generous helm seating that offers outstanding sightlines, and a wide swim platform provides effortless access to the water.

The company supplies these particulars in good faith but does not make any representation or warranty as to their accuracy or the vessel's condition. Prospective buyers are advised to engage their own agents or surveyors to verify any matters of importance. This vessel is offered subject to prior sale, change in price, or withdrawal without notice.

Propulsion

Under the hull sit twin Caterpillar 3126 inboard diesel engines, both manufactured in 2005 and each producing 450 horsepower for a combined output of 900 hp. This proven propulsion pairing ensures assured off-the-mark acceleration, economical cruising performance and the long-term dependability discerning owners expect.

Specifications

At 38 feet length overall with a generous 14.17-foot beam and a maximum draft of 3.5 feet, this fiberglass yacht is built on a modified-vee hull with an 18-degree deadrise at the transom, a hull shape chosen to marry spirited performance with a supple, comfortable ride. She carries a dry weight of 25,000 pounds, a testament to solid construction and reassuring stability underway. Fuel capacity totals 411 gallons to support extended passages, while a 110-gallon fresh water tank and a 40-gallon holding tank provide practical autonomy for cruising. The interior is thoughtfully laid out with one guest cabin and one guest head, offering a private, well-appointed retreat at the close of the day.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
