OVERVIEW

NIKKI, launched by FJORD YACHTS in 2020, is a power vessel that marries refined style with purposeful engineering. Her decks are laid in warm teak above a sturdy fiberglass hull, a combination that announces both elegance and seaworthiness from the first glance. Propelled by twin D6-IPS 500 VOLVO PENTA Inboard engines, she delivers confident performance and a cruising range in excess of 200 nautical miles when held at a brisk 25 knots, promising long, swift passages with a reassuringly solid and stable ride at every speed. Her profile is defined by striking lines and a cutting-edge aesthetic that gives NIKKI a contemporary, unmistakable presence on the water; every surface and line has been considered to balance function with beauty. Below decks the yacht pampers her guests with king-sized accommodations and a sumptuous rainfall shower, while communal life unfolds naturally between the versatile dinette and the generous bathing platform, which invites lounging and easy access to the sea.

For those seeking to purchase a yacht in the current boat location, NIKKI represents a prime opportunity, with exceptional yacht sales available. Explore yacht sales in the current boat location and experience the refined allure of NIKKI firsthand.
