OVERVIEW

ITALYURE 38 SPORT (2025) — an Italian-bred synthesis of style, speed, and refinement, now located at Jumeirah Beach Hotel, Marsa Al Arab Marina, Dubai's most prestigious yachting address.

The Italyure 38 Sport marries flowing Italian lines with contemporary marine engineering and couture-quality finishes. Propelled by twin Mercury Marine V350 outboard engines from the new V10 series, this open yacht offers assured handling and a breathtaking maximum speed of 46 mph (74 km/h), delivering performance that feels as effortless as it is exhilarating. With a length of 39.2 ft (11.95 m), a beam of 11.78 ft (3.59 m), and a displacement of 15,873 lb (7,200 kg), she balances graceful proportions with a substantial, stable platform. Her fuel capacity of 195.5 gal (740 L) and fresh water capacity of 55.5 gal (210 L) ensure extended days aboard, while the hull, constructed of infused GRP with vinylester resin, speaks to a modern build standard that combines lightness and durability.

Delivered unregistered and ready to be titled by her next discerning owner, the boat's exterior is an exercise in timeless materials and contemporary detail. Underfoot, full 8 mm solid teak decking provides warmth and age-old character; overhead, varnished solid mahogany deckhead planking imparts a classic yacht ambiance. A carbon-fiber T-Top, fitted with a roller blind and blackout Lexan glazing, melds strength and style while offering shelter and shade. The generous aft cockpit is conceived for sociable cruising: convertible sofas flank a teak dining table and transform to reveal an extendable sunpad, while forward a dedicated sunbed invites lounging. Practicalities are elegantly integrated—a deck shower, swim ladder, and a well-appointed outdoor galley deliver convenience and comfort for life on the water.

Below deck the interior continues the bespoke narrative. A sumptuous master cabin features full-height wardrobes and ambient LED lighting, creating an

intimate retreat. The interior dinette boasts an L-shaped convertible sofa and a bar cabinet for convivial entertaining, while the separate bathroom houses a designer-fitted shower and a macerator toilet. Sky-finish ceilings accented with premium wood and Abet laminate enhance the sense of crafted luxury, and a 16,000 BTU air conditioning system maintains a refined climate throughout.

For navigation and entertainment the Italyure is comprehensively equipped. A Garmin instrumentation package works in concert with a Raymarine 9" GPS, compass, and Mercury VesselView 5" display to provide precise situational awareness. Audio is handled by a FUSION stereo system with amplifier, subwoofer, and multi-zone coverage for bow and cockpit, while VHF with DCS and an echosounder support confident coastal passage-making.

Systems and power are built for autonomy and ease. An ONAN/Dynamic 6 kW generator supplies onboard electrical needs, complemented by 220V shore power, a charger, and an upgraded battery bank; a solar panel adds quiet autonomy at anchor. Maneuvering is precise thanks to a 56 kgF bow thruster; essential systems include a black water system, water heater, Racor fuel filters and more, rounding out a turnkey specification.

Handcrafted in Italy, the Italyure 38 Sport distinguishes itself from generic production craft: every detail, from the carbon T-Top to the sculpted interior lighting, reveals a boutique approach focused on performance, comfort, and style. Equally at home as a Sport Cruiser, Walkaround Dayboat, elegant Weekender, Express Cruiser, or Luxury Tender to a superyacht, she embodies versatility without compromise.

Currently lying in Marsa Al Arab Marina with customs and VAT settled—fully import-cleared and turnkey—she is available for immediate private viewing in Dubai, with local delivery options available. Payment flexibility includes cryptocurrency: purchases may be completed using Bitcoin, USDT, ETH, or other major coins.
