OVERVIEW

The 2025 Bertram 39 center console, finished in Whisper Gray and trimmed with Platinum upholstery, arrives outfitted with the factory premium package and an impressive array of turnkey features. Stability is provided by a Seakeeper 3, while navigation and awareness are handled by dual Garmin 8616 multifunction displays complemented by Fantom 54 radar and CHIRP transducers. Onboard comfort and entertainment come via a premium JL Audio system, and the well-appointed galley area includes a refrigerated plate and a dedicated grill station for effortless alfresco dining. Anglers will appreciate electric reel outlets and ample rod storage, and sun protection is achieved with deployable forward and aft shades, with numerous additional refinements rounding out this luxurious, ready-to-cruise center-console.

DETAILED DESCRIPTION

Overview

LIL DINGHY is a superbly outfitted 2025 Bertram 39CC center console finished in Whisper Gray with a Platinum interior, conceived for serious offshore fishing, bluewater passages and elegant days aboard. Propulsion comes from three Mercury Verado 400 V10 JPO outboards for a combined 1,200 HP, supported by a bow thruster for precise positioning and a Seakeeper 3 that delivers exceptional onboard stability. The helm is appointed with twin Garmin 8616 multifunction displays tied into a Fantom 54 radar, dual Airmar CHIRP transducers and a GXM54 SiriusXM module for weather and radio, while Black Oak Night Vision enhances visibility after dusk.

Every comfort and convenience has been considered: a premium JL Audio system and a cabin TV provide onboard entertainment, forward and electrically operated aft sunshades extend shaded living space, and a refrigerated plate keeps provisions cool. The cockpit is designed for both entertaining and utility, featuring a transom grill station with sink and storage drawers that transform any anchorage into a private seaside salon. Anglers will value plentiful rod stowage, an eight-rod rocket launcher, electric reel outlets, Lumitec LED light bars and underwater lighting to spotlight evening action. Fitted with a bow tow eye and engineered for genuine offshore performance, LIL DINGHY is arranged as a towed tender while offering the power, systems and amenities expected of a high-end center console, all with low hours for immediate use.

Offshore capability and performance

Engineered for serious offshore fishing and high-performance passages, LIL

Dinghy is propelled by the TR-WHT 400 V10 JPO VDO package and fitted with a Seakeeper 3 to deliver exceptional stability and refined comfort both underway and at rest. Its electronics suite centers on dual Garmin 8616 displays complemented by a Garmin Fantom 54 solid-state radar and two Airmar CHIRP transducers, while a Garmin GXM54 SiriusXM weather and radio receiver and a Shakespeare AM/FM antenna round out the system, together forming a sophisticated helm setup for precise navigation and assured operation in offshore conditions.

Fishing and entertaining

LIL Dinghy is outfitted for the discerning angler and entertainer, featuring a transom grill station complete with an integrated sink and drawers, a refrigerated plate to keep bait and catch chilled, additional gunnel-mounted rod holders set at a fifteen-degree angle, an eight-rod rocket launcher mounted on the hardtop, and 12V gunnel-mounted outlets to power electric reels. Hardtop-mounted Lumitec LED light bars combined with Black Oak Night Vision significantly improve visibility for pre-dawn departures and ensure confident, capable operations after dark.

Comfort and enjoyment

The expansive center-console configuration is as well suited to lively social entertaining as it is to quiet, contemplative relaxation. A forward-deck sunshade supported by poles pairs with an electrically operated aft shade system to deliver ample, adjustable protection from the sun, while the luxurious Platinum interior, an upholstered dash brow, a cabin TV and an upgraded JL Audio sound system combine to create a refined environment of comfort and acoustic clarity. Thoughtfully provided upholstery covers and engine covers protect the finishes and help preserve her exceptional condition.

Navigation and electronics

At the heart of the onboard systems is an electronics suite built for confident passagemaking: twin Garmin GPSMAP 8616 multifunction displays bring charts, sonar and system control within immediate reach, while a Garmin GMR Fantom 54 four-foot solid-state open-array radar delivers crisp target returns and weather tracking. A dual installation of Airmar B175HW and B175L CHIRP transducers supplies precise high- and low-frequency fishfinding detail, and Garmin GXM54 SiriusXM weather and radio integration keeps you informed of changing conditions and entertained offshore. A Shakespeare AM/FM antenna ensures clear broadcast reception, and together these components create a comprehensive marine electronics package that elevates navigation precision, offshore situational awareness, fishfinding performance, radar capability and onboard communications for serious bluewater running.

Configured for the chase, the cockpit is appointed with a transom grill station complete with sink and drawers, a refrigerated plate, extensive gunnel-mounted rod holders, an eight-rod hardtop rocket launcher and 12V gunnel-mounted electric reel outlets, making LIL DINGHY exceptionally well prepared for offshore fishing and sportfishing. On-deck comfort and convenience are enhanced by Lumitec Razor LED light bars, a hardtop ventilation hatch, a forward deck sunshade, an electric aft shade system and comprehensive upholstery and engine covers, marrying angling functionality with refined cruising comfort.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
