OVERVIEW

The President 12 marries muscle and refinement in a 12 meter luxury RIB, combining a deep V fiberglass hull with inflatable tubes to ensure steady stability and nimble handling. Designed for offshore cruising, this performance powerboat offers brisk acceleration, a composed ride and reliable seaworthiness, while contemporary navigation systems, sumptuous seating, expansive sunpad areas and tasteful finishes lift every passage into an elegant experience.

Propelled by twin Mercury 4.3 V8 petrol engines showing approximately 230 hours, it pairs lively performance with dependable economy. Onboard conveniences include air conditioning, a water heater, three TVs, two refrigerators, a Fusion sound system, a Besenzoni telescopic gangway and a sleek retractable sunshade, and the fully appointed cabin converts day boat versatility into comfortable overnight accommodation. Presented in excellent overall condition with low hour engines, this upscale sport cruiser is equally suited as a private dayboat, superyacht tender or high end charter RIB—an offshore cruiser that harmonises speed, comfort and durability in true motor yacht style.
