OVERVIEW

Experience the Sophistication of the 2011 Premium Yacht

Embark on a journey aboard this exquisite 40-foot premium yacht, a true masterpiece in the yachting realm, now available for purchase in the United States. With its elegant fiberglass hull and expertly crafted deck, this vessel transcends the ordinary, offering a floating haven that promises memorable escapades on the open seas.

Built in 2011, this yacht seamlessly blends contemporary design with outstanding performance. Its generous 11-foot beam provides ample space for leisure and socializing, while the impressive draft of nearly 10 feet ensures stability and comfort, even in turbulent waters. Driven by two powerful Volvo inboard engines, this yacht boasts diesel fuel efficiency, empowering you to navigate the waters with assurance and ease.

Upon entering, you'll be welcomed by an interior that radiates luxury and refinement. The intelligently designed layout optimizes space, delivering a perfect fusion of comfort and elegance. Whether hosting an opulent gathering or savoring a tranquil evening beneath the stars, this yacht fulfills all your aspirations.

With a substantial water capacity of 50 gallons and a fuel capacity of 250 gallons, you can set out on prolonged journeys without the concern of frequent refueling. This yacht is more than just a vessel; it's an invitation to discover the world's most stunning coastlines and secluded bays.

For those in search of a yacht that epitomizes elegance and performance, this 2011 model distinguishes itself in the competitive yacht sales arena. Its current location in the United States makes it an accessible option for discerning buyers seeking a luxurious retreat on the water.

Seize the chance to own this remarkable yacht, where every detail has been

meticulously crafted for your pleasure. Whether you're an experienced sailor or a novice buyer, this yacht is poised to accompany you on your next adventure. Discover the possibilities and claim this luxurious vessel as your own today!

DETAILED DESCRIPTION

Electronics

This yacht boasts an extensive array of electronics crafted to elevate your seafaring adventures. Central to its navigation suite is a dependable GPS, guaranteeing accurate location tracking and route mapping. Enhancing this is an advanced plotter, offering comprehensive charting features, alongside a radar system that boosts situational awareness, particularly in adverse weather. For seamless communication, the yacht is equipped with a VHF radio, ensuring clear and consistent contact with other boats and coastal stations.

Onboard entertainment is well-provided with both a DVD player and a CD player, allowing you to indulge in your preferred media while sailing. The audio experience is further enriched by cockpit speakers, delivering high-quality sound throughout the yacht. For those who value classic navigation instruments, a compass is also available, serving as a dependable backup to the electronic systems.

The yacht's autopilot system simplifies navigation, facilitating effortless cruising and effective course control. Moreover, a depthsounder is included, offering essential data on water depth to ensure safe passage in shallow areas. In essence, the yacht's electronics suite is meticulously curated to deliver both cutting-edge navigation solutions and delightful entertainment options, ensuring each voyage is both secure and enjoyable.

Inside equipment

The interior equipment of this yacht is crafted to deliver both luxury and practicality, ensuring an opulent experience on the water. Navigating is made simple with the addition of a bow thruster, providing precise handling in

confined areas. The yacht is fitted with both electric and manual bilge pumps, guaranteeing effective water management and safety in diverse conditions. For your ease, the yacht includes a sea water pump, vital for various onboard operations. The galley is well-equipped with a refrigerator and a deep freezer, offering ample space for storing provisions. A microwave oven enhances convenience, making meal preparation effortless. The marine head is designed for both comfort and efficiency, while the hot water system ensures warm water is available whenever required.

Climate control is expertly managed with both heating and air conditioning systems, allowing you to maintain a pleasant atmosphere regardless of the external weather. The yacht also features a battery charger, ensuring all your electrical systems remain operational throughout your journey.

In summary, the interior equipment of this yacht is meticulously selected to provide a harmonious mix of comfort, convenience, and safety, ensuring every voyage is an enjoyable experience.

Electrical equipment

The yacht's electrical equipment is meticulously designed to provide a dependable and efficient power supply, elevating your onboard experience. At the core of this system is the shore power inlet, enabling seamless connection to dockside power sources and ensuring a steady and uninterrupted flow of electricity while docked. This feature is crucial for keeping all onboard systems and appliances running smoothly without solely depending on the yacht's internal power reserves.

Augmenting the shore power inlet is a powerful generator, a vital component for generating electricity when the yacht is at sea or anchored away from shore facilities. The generator guarantees that all electrical systems, from lighting to essential appliances, function seamlessly and without disruption, offering

peace of mind and comfort throughout your journeys.

These components of the electrical equipment are thoughtfully integrated to provide a reliable power solution, ensuring every voyage is both comfortable and worry-free.

Outside equipment/extras

The yacht's exterior equipment and additional features are meticulously crafted to elevate your comfort and enjoyment on deck. A convenient cockpit shower is at your disposal, perfect for rinsing off after a refreshing swim in the sea, adding a luxurious and practical element to your outdoor experience. The cockpit is adorned with plush cushions, creating a cozy and inviting area for relaxation and socializing with family and friends while you take in the open water.

For swimming enthusiasts, the yacht is equipped with a robust swimming ladder, ensuring easy access to the water and a safe return to the deck. This thoughtful combination of features guarantees that your time spent outdoors is both pleasurable and convenient, allowing you to fully savor the delights of yachting.

Covers

The yacht features a Bimini top, an essential element that boosts your comfort and protection while spending time on deck. This canopy offers generous shade from the sun, enabling you to unwind and appreciate the open sea without the intense impact of direct sunlight. Crafted for both durability and ease of use, the Bimini top allows you to swiftly establish a comfortable setting on the deck whenever desired. This well-considered addition not only elevates the yacht's visual charm but also greatly enhances the overall onboard experience, ensuring your time at sea is more enjoyable and relaxing.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
