OVERVIEW

2007 Cruisers Yachts 370 Express — Carefully maintained and cosmetically pristine, this vessel presents as a standout example of Cruisers' celebrated express cruiser line. The topsides shine, the engine room is neat and expertly arranged, and the overall condition speaks to genuine pride of ownership. Inside, the welcoming, well appointed cabin reveals tasteful finishes and fine craftsmanship, while the tidy mechanical compartments and immaculate exterior attest to regular updates and conscientious upkeep. A sophisticated diesel motor yacht that also fulfills the role of a sport cruiser, she is propelled by efficient Yanmar diesels and offered as a true turn key cabin cruiser ideal for weekend getaways and family outings, delivering the comfort and performance discriminating buyers expect; trades considered.

DETAILED DESCRIPTION

Description

Impeccably kept and genuinely turn key, the 2007 Cruisers Yachts 370 Express stands as a standout example of one of the marque's most popular express cruisers, presented with gleaming cosmetics and a spotless, well organized engine room that reflects true pride of ownership from bow to stern. Powered by dependable Yanmar diesel engines, this 370 Express combines dependable performance with thoughtful updates and meticulous maintenance, and the seller will consider trades to ensure a seamless transition to your next adventure.

Underway, the twin Yanmar diesels deliver the performance, efficiency, and reliability discerning cruisers demand, and opening the hatch reveals a remarkably tidy engine room—well lit, clean bilged, and logically laid out—where multiple battery banks sit neatly with clearly labeled battery switches, a ProMariner battery charger and power management system maintains the vessel's electrical integrity, and a dedicated Cruisers Yachts engine room control panel centralizes critical functions. Good insulation and soundproofing contribute to a quieter ride, while clearly labeled systems and clean, accessible plumbing runs underscore the boat's professional care and ease of service.

At the helm, comfort and confidence come standard beneath a full canvas enclosure that shields a well arranged command center. An excellent dash presents a multi function display, full engine instrumentation, and twin throttle controls at your fingertips; communication is crisp through the VHF radio, a helm fan adds welcome breeze on warm days, and sightlines are superb forward and to the sides for effortless docking and relaxed passagemaking.

Below deck, the interior is inviting and upscale, finished in rich cherry cabinetry with updated wood flooring in the salon and galley for a modern, refined aesthetic. The forward stateroom features a central, enlarged double berth set on centerline, an overhead hatch that floods the space with natural light, tasteful accent lighting, surrounding cabinetry for personal stowage, a clean headliner, and excellent headroom. The mid cabin offers a full width lounge that converts to a sleeper, an upholstered sofa with accent pillows, a privacy curtain, and ambient recessed lighting with mirrored accents to amplify the sense of space.

The salon invites conversation around a large wraparound U shaped settee facing a high gloss wood dining table on a dual pedestal; clean, supple upholstery, recessed overhead lighting, and a generous, open feel make it a natural gathering point after a day on the water. Adjacent, the galley is thoughtfully appointed with an under mounted sink, refrigerator/freezer, microwave, and cooktop, complemented by excellent storage and refined under cabinet lighting that keeps everything within easy reach.

Outside, the cockpit and transom areas are clean, well kept, and notably spacious, simplifying boarding and elevating on the water entertaining. A wide swim platform welcomes swimmers and tenders, a transom door ensures easy access, and the cockpit seating remains inviting and immaculate beneath the protective canvas enclosure. Aft, the flag is proudly mounted, the non skid surfaces are well maintained for sure footing, and the dock lines and fenders are in good condition, all reflecting consistent, careful stewardship.

Rounding out the specification, the electrical and ship's systems present just as smartly as the rest of the yacht: neat, clearly labeled panels manage both twelve volt and 120 volt distribution, a tank monitoring system keeps you informed at a glance, and dedicated generator and windlass controls sit exactly where you want them. A stereo system neatly integrated into the cabinetry sets the soundtrack for life aboard, completing a 370 Express that is as ready

to cruise as it is easy to love.
