OVERVIEW

Built new in 2023 and stretching forty feet, this U.S.-based sport cruiser blends contemporary lines with purposeful performance. Its fiberglass hull, shaped in a refined modified V form, turns horsepower into a composed, dry ride whether you're slicing through a glass calm morning or easing into a long, golden hour run along the coast. The hull's contours and the generous beam translate into a steady platform at anchor and an unusual sense of interior volume for a yacht of this size.

At the heart of the boat's lively demeanor are twin Ilmor Marine gasoline sterndrives, prized for their athletic, responsive power delivery and crisp throttle feel. The sterndrive arrangement keeps the transom tidy and expands cockpit room, while a substantial fuel capacity enables ambitious day hops and relaxed weekend passages without constant refueling. From the helm the sightlines are unobstructed and the controls fall naturally to hand, instilling calm confidence whether threading into a busy marina or settling into an efficient offshore cruise.

Deck spaces are composed for easy entertaining: broad seating and open flow from helm to cockpit encourage conversation and shared moments underway. Durable finishes, thoughtful details and well placed handholds reveal a design that anticipates real life at sea and endures it. Below, the cabin is arranged for restorative stays — bright, serene and efficiently organized with discreet yet ample storage that keeps the interior uncluttered. A private head adds convenience both at anchor and on passage, and the onboard freshwater supply supports comfortable overnighting.

Offered lying in the United States, this 40 foot craft shifts effortlessly between roles as a stylish dayboat, a spirited weekender and a capable coastal cruiser. It rewards the helmsman, pampers guests and elevates the time spent between harbor and horizon.

DETAILED DESCRIPTION

Boat highlights

This listing is still being developed—please call for additional information; recently donated to AMIkids, UNPLUGGED will soon be available for a long-term lease with interest-free payments to a qualified individual, and she has been maintained exclusively in freshwater. Step aboard the 2023 Aviara AV40 and experience yachting reimagined: her sleek dark gray hull accented in black, bold profile, and modern lines command attention at every marina and sandbar. The expansive cockpit finished in SeaDek is shaded by a 12V powered aft sunshade, while twin fold-down terraces along the aft sides transform the deck into an open-air oasis; a modern hardtop with sunroof partners with a stowable bow sunshade to tailor the day to the sun, and the hydraulic swim platform together with black snap-on bow and cockpit covers underscore her premium intent. Performance and poise come from twin ILMOR 520 MPI-S engines producing 520 hp each with intuitive joystick control for thrilling acceleration and effortless close-quarters maneuvering, while the SeaKeeper 3 gyro stabilizer keeps the ride composed and comfortable and a Simrad 23-inch screen integrates radar, GPS, chartplotter, depthsounder, speed, and compass for confident navigation; precision trimming is delivered by two Lenco trim tabs with auto mode. Entertaining is elevated by a digital cabin system, two zones of cockpit and underwater RGB accent lighting, and stereo remotes at both the bow and transom, complemented by a Kenyon electric grill and a gourmet wet bar that serve as the social heart of the boat alongside a teak bow table with a filler-cushion combo and gas-assist transom barstool-style seating. Below, the cabin accommodates four with a double bed and a convertible lounge for unhurried overnights, and there is more to discover when you come aboard; trades will be considered, so give us a call to discuss.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts.
