OVERVIEW

"ENCORE" is a 2024 Jeanneau Leader 12.5 WA, an elegantly appointed walkaround express cruiser that marries exhilarating performance with refined overnight comfort. Measuring 40'3" overall with an 11' 9" beam, she provides ample room for up to 12 guests as a luxury dayboat. Powered by triple Yamaha 300 outboards, ENCORE offers assured, efficient propulsion while her deep-V hull delivers a composed, dry ride. The generous cockpit is anchored by wraparound lounge seating and an entertainment island equipped with an electric grill, sink, refrigerator and ice maker, and an electric portside drop-down terrace seamlessly opens the yacht to the sea. Below decks, the sophisticated interior features a fully appointed galley, a salon that converts into a king-size berth and an amidships owner's cabin with a double berth that reconfigures to a king, while the enclosed head is beautifully finished with a designer basin and a separate shower.

DETAILED DESCRIPTION

Notable features

Designed to deliver an exceptional blend of serenity and command, this yacht is fitted with a Seakeeper 4 stabilizer covered by a Platinum warranty and offers a portside lateral electric terrace with an integrated ladder for seamless water access. Electric sunshades extend over both the aft deck and the bow seating area to create sheltered, private lounges, while Yamaha's extended engine warranty through 2029 and the intuitive Yamaha Helm Master system underscore the vessel's performance and dependability. Onboard autonomy and comfort are further elevated by a 6.4 kW generator, efficient air conditioning, and a comprehensive electronics package.

Overview

ENCORE, the 2024 Jeanneau Leader 12.5 WA, presents itself as a refined walkaround cruiser that marries lively performance with comfortable overnight accommodations. At 40'3" overall and with an 11'9" beam, she offers generous room for up to twelve guests. Propelled by three Yamaha 300 outboard engines, she delivers assured power while a deep-V hull ensures a composed, smooth passage through a variety of sea states. The on-deck arrangement centers on a spacious cockpit with wraparound seating and an entertainment island outfitted with an electric grill, sink, refrigerator and ice maker, and an electrically operated drop-down terrace to port provides effortless water access. Below, the interior hosts a fully equipped galley, a salon that converts into a king-sized berth, and an amidships master cabin with a double berth that can be configured as a king; the enclosed head is appointed with an elegant basin sink and a separate shower enclosure.

Air conditioning

A 110 V air-conditioning installation supplies 20,000 BTU of cooling distributed across two distinct zones, all managed by a digital controller that provides precise, effortless regulation of the onboard climate for refined comfort.

Aft cockpit

Laid out in a graceful L-shaped plan, the aft cockpit centers on a sun pad with a folding backrest that easily converts the space into a versatile lounging area. A fresh water shower is discreetly positioned for a convenient rinse after a swim, and a sturdy fiberglass table anchors the cockpit, providing an elegant setting for leisurely meals or sundowner cocktails.

Aft galley

Crafted to elevate onboard entertaining, the aft galley pairs an exterior galley refrigerator with a dedicated cockpit grill, and the cockpit is further fitted with two additional 13-gallon fridge/freezers, delivering generous chilled storage precisely where it's most useful.

Canvas

A full weather enclosure combined with a full Sunbrella custom canvas package envelops the yacht, shielding the cockpit while subtly elevating the vessel's profile. Exterior seat covers keep upholstery pristine when the boat is at rest, and a dedicated closing kit for the hardtop, fitted with an Eisen Glass windscreen, completes the arrangement—ensuring clear sightlines and secure, all-weather protection.

Electronics

A Fusion Premium Audio System bathes the yacht in warm, detailed sound, while a thoughtfully appointed entertainment setup features a 24-inch television in the salon, a 36-inch television on the aft deck and a 32-inch television in the master. The salon also houses a DVD player for additional viewing options, and a dedicated TV antenna provides dependable reception no matter where you cruise.

Galley

Situated within the salon, the galley is elegantly outfitted with a modern two-burner electric cooktop and a microwave, creating a refined, efficient environment that makes preparing meals effortless.

Generator

A refined Panda diesel genset rated at 6.4 kVA draws from an eight-gallon fuel tank to provide dependable onboard electrical supply; it has logged 52 hours of operation and received its scheduled annual service in July 2026.

Hull & deck

A radiant white hull establishes a refined exterior, complemented by custom teak-look Plas Deck laid throughout to create a seamless, luxurious underfoot experience. The forward cockpit is designed for leisure, featuring three sun-lounge seats and a dedicated fore lounge sun pad, while a three-person leaning post with integrated armrest offers supportive ergonomics when underway. Above, a sliding electric sunroof opens the salon to daylight and sky, and a lateral boarding gate on the starboard side ensures effortless

embarkation. Practical amenities include a dockside water inlet and a fresh-water shower, while nighttime ambiance and offshore visibility are enhanced by four underwater lights. Anglers will value the pump-equipped baitwell, and modern connectivity is assured with the vessel rigged for Starlink.

Instrumentation and electronics

At the helm, a pair of Garmin 8416 multifunction displays forms the centerpiece of a refined Garmin navigation suite, further elevated by the Garmin Electronics Package Upgrade and the Garmin North American Electronics Package. Exceptional situational awareness is delivered by a Garmin Fantom 18 radar, a Garmin AIS 800 receiver, a Garmin GT15 transducer and a Garmin VHF, while precise handling is assured through a bow thruster, Helmasteer with Joystick and Zipwake Trim Control. A remotely operated searchlight provides added confidence when navigating after dusk.

Master

Created for lavish repose, the master suite is appointed with a bespoke I.S. mattress dressed in linens woven to a one-thousand thread count; the master occupies a separated cabin that incorporates an additional bed for flexible sleeping configurations, while a dedicated filler cushion for the main bed enables bespoke arrangements to suit individual preference.

Master head

Meticulously arranged for both comfort and convenience, the master head presents a generous, airy layout with a separate shower stall, while drainage is managed by an automatic sump pump system for reliable, hygienic performance. An onboard hot water heater delivers soothing, consistent

temperature at the tap, and a built-in macerator provides efficient waste processing to keep the space fresh and effortless to maintain.

Mooring

For assured comfort at anchor, the yacht is equipped with a sturdy 44 lb galvanized steel anchor, handled effortlessly by a Lewmar windlass with remote control; alongside this, a full anchoring kit and 100 feet of chain paired with 100 feet of rope provide professional-grade security and a tranquil sense of confidence while at rest.

Salon

Upholstered in Marlin Pure White, the salon is suffused with a bright, modern elegance. The forward area readily converts into a secluded cabin with the aid of a discreet separation curtain and thoughtfully integrated custom storage to enhance flexibility. Fitted throughout with custom blinds and draperies, the space is complemented by bespoke cabinetry that supplies tailored storage solutions in both the salon and the master. Practical touches include removable carpeting for simple upkeep, and a purpose-built filler cushion that converts seating into a comfortable sleeping surface with ease.

CONTACTS

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.
