## OVERVIEW

---

Experience the pinnacle of opulence and performance with this exquisite 2022 yacht, now on the market in the United States. Stretching 40 feet in length with an 11-foot beam, this vessel is crafted for those who value both sophistication and velocity. With an impressive cruising speed of 65 knots, it is the ideal choice for thrilling escapades on the open sea.

Constructed from premium fiberglass and plastic, the hull is not only robust but also enhances the yacht's visual allure. The composite deck invites you to soak up the sun or entertain guests with flair, while the spacious design ensures comfort and elegance at every corner. With a draft approaching 10 feet, this yacht is built for stability and performance, allowing you to effortlessly navigate both tranquil waters and challenging seas.

Inside, discover a beautifully designed interior that accommodates one, making it a perfect haven for solo travelers or intimate retreats. The yacht includes a thoughtfully designed head, providing convenience and privacy throughout your journeys. With a substantial water capacity of 53 gallons and a fuel capacity of 215 gallons, you can embark on extended voyages without the concern of frequent refueling.

Powered by three robust Mercury outboard engines, this yacht offers an exhilarating ride, blending speed with dependability. Whether you're in the market for a yacht for leisurely weekends or exciting adventures, this vessel aligns perfectly with your aspirations.

Currently situated in the United States, this yacht presents a prime opportunity for discerning buyers seeking yacht sales in the region. Don't miss the chance to own this extraordinary vessel that epitomizes luxury, performance, and style. Embrace the freedom of the open sea and create unforgettable memories aboard this magnificent yacht. Your dream of yacht ownership is just a decision away—seize the opportunity and explore this stunning yacht for

sale today!

## DETAILED DESCRIPTION

---

### Cockpit pantry

---

The cockpit pantry is expertly crafted to boost the yacht's practicality and ease of use. Situated directly behind the driver and co-pilot seats, it features a folding top that grants effortless access to the galley surface, sink, and an optional cooking plate, simplifying meal preparation even while underway. The countertop includes a GRP sink with both hot and cold water, catering to all your culinary requirements with ease. A drawer fridge is elegantly incorporated into the layout, offering generous space for storing perishables and drinks. Furthermore, the pantry includes two storage drawers, providing efficient solutions for organizing utensils and other necessities. This well-designed area ensures that everything you need is conveniently accessible, contributing to a smooth and delightful yachting experience.

### Construction hull & deck

---

The hull and deck construction exemplifies cutting-edge engineering and design, boasting a GRP hull that is vacuum-infused with vinylester resin to ensure exceptional strength and longevity. A sleek black fender strip lines the hull, offering both protection and a modern look. The yacht features a self-draining anchor locker and an automatic anchor arm made of stainless steel, paired with a 40-meter stainless steel chain for reliable anchoring. At the bow, a forward seating area comfortably hosts 4-5 guests around a table that transforms into a sunbed with its Hi-Lo feature, ideal for sunbathing. Bow deck hatches provide extra storage, while the center console is cleverly designed with a door leading to a head, shower, storage space, and a double bed with foot support and handrails, ensuring both comfort and convenience.

Advanced engine controls and Garmin screens facilitate smooth navigation. The deck and walkaround areas are finished with Flexiteek, combining style with functionality. Six pop-up cleats are strategically positioned for secure docking, and a table with cupholders enhances convenience. The deep walkaround to the bow allows for easy movement, complemented by a fixed glass windscreen for weather protection. An electrically operated rear hatch and a telescopic swim ladder integrated into the stern boost the yacht's practicality. Above the helm, a T-top with a grey glass window provides shade and a touch of sophistication. This carefully crafted hull and deck design guarantees a luxurious and pleasurable yachting experience.

## Power and drive systems

---

The yacht's power and propulsion systems are meticulously designed for outstanding performance and dependability. Central to this setup are the three Mercury Racing 450R engines, each covered by a Platinum Warranty, offering assurance and top-notch performance on the water. Adding to the yacht's charm and utility, two underwater lights create an enchanting atmosphere below the surface, ideal for evening voyages or relaxing at the dock. Safety is a top priority, with an automatic fire extinguisher system in place to ensure swift action in emergencies. The yacht features two starting batteries, guaranteeing consistent engine starts. To support the electrical systems, Victron Battery Chargers Quattro with a 5000-watt capacity are installed, ensuring efficient and reliable power management. This well-rounded power and propulsion system guarantees that the yacht provides a smooth and thrilling experience on the water.

## Navigation system

---

The yacht's navigation system is crafted to deliver accuracy, dependability, and

user-friendliness, ensuring a flawless experience on the water. At the core of this system are two Garmin GPS Map 8412 glass cockpit displays, providing intuitive operation and sharp, high-resolution maps to steer your journey. Communication and safety are bolstered by the Garmin VHF 300 and AIS, offering dependable communication and vessel tracking features. To maintain depth awareness, the Garmin Depth Sensor GBT43 is installed, delivering precise measurements to confidently navigate varying depths. Furthermore, the yacht is fitted with an autopilot system, facilitating effortless course management and minimizing the need for constant manual steering. This all-encompassing navigation package guarantees that every voyage is smooth, secure, and pleasurable.

## Electrical

---

The yacht's electrical system is expertly crafted to fulfill the needs of contemporary yachting, offering both practicality and ease. It runs on a 12V system specifically designed for US markets, featuring a 110V 60Hz setup to guarantee compatibility and effectiveness. At the heart of the yacht's electrical management is the boat control via the Garmin screen, employing digital switching by the Empire system, which enables smooth and intuitive operation of various onboard systems. A shore power cable is provided, allowing for straightforward connection to dockside power sources.

USB chargers are thoughtfully distributed throughout the yacht, ensuring all your devices stay charged and ready. The yacht is fitted with two 160Ah AGM service batteries, delivering strong and dependable power storage. An electric head enhances onboard amenities, boosting the comfort of your voyage. The lighting system is extensive, including deck lights, service room lights, cockpit lights, and indirect lighting, all designed to create an inviting and functional atmosphere. Navigation lights are also part of the setup, ensuring visibility and safety during nighttime journeys. This well-coordinated electrical system

guarantees that every facet of your yachting experience is backed by reliable and efficient power management.

## Upgrades and options

---

The enhancements and options available for this yacht elevate its performance, comfort, and luxury to extraordinary levels. The engine has been upgraded to the robust 450R's, guaranteeing exceptional speed and efficiency on the water. A hydraulic windlass system is included, making anchor handling effortless. The battery bank has been enhanced to improve power storage and reliability, supporting all onboard systems.

The yacht features a Hi-Lo bow table that transforms into a sunbed, offering flexibility and comfort for relaxation. The premium custom Vanquish audio system provides outstanding sound quality, enriching the onboard entertainment experience. A Bimini T Top with gray glass offers stylish shade and protection from the elements. Full boat covers are included, ensuring the yacht is well-protected when not in use.

Navigation and control are enhanced with two 16-inch Garmin displays, while courtesy deck lights add elegance and safety during evening hours. The galley is equipped with a second refrigerator, providing ample storage for provisions. A warm water deck shower offers convenience and comfort after a swim. The Seakeeper 3 stabilizer ensures a smooth ride by minimizing roll, while a generator and air conditioning in both the cabin and at the helm provide comfort and convenience.

The yacht is further enhanced with a carbon package, adding a touch of modern sophistication. Garmin radar and a searchlight improve navigation and safety, while the Fusion RA770 audio system offers superior sound quality. These upgrades and options ensure that this yacht delivers an unparalleled yachting experience, combining performance, luxury, and cutting-edge technology.

# CONTACTS

---

Shestakov Yacht Sales is a brokerage company specializing in the sale and service of yachts worldwide. The company offers services for buying and selling both new and used motor yachts, sailing vessels, and luxury superyachts. They also provide yacht registration, insurance, technical maintenance, crew selection, and charter organization services across the U.S., Canada, Latin America, the Caribbean, and the Bahamas.

The founder and lead broker of the company is Andrey Shestakov, a licensed and certified expert with extensive experience in marine engineering and shipbuilding.

The company has an extensive network of partnerships with major yacht manufacturers worldwide and provides services in multiple languages, including Russian, Ukrainian, Spanish, and English. The office is in Dania Beach, Florida, USA.
